IN THE FEDERAL INSECT CONTROL ACT

ROCKLAND READY "SPONGE-ON" is a specially formulated ready-to-use combination of fly killers and fly repellents for use on all breeds of horses and show stock. In addition to killing and repelling flies, READY "SPONGE-ON" imparts a high sheen to the coat when brushed out.

DIRECTIONS FOR USE

Before applying READY "SPONGE-ON", brush animal to remove loose dirt and dust.

Moisten, do not soak, sponge or folded piece of absorbent cloth, such as turkish toweling, with READY "SPONGE-ON". Rub briskly against the hair coat in the region of the ears, neck, back (except on saddle area), belly and legs. Do not wet the hide.

Add more READY "SPONGE-ON" to sponge or cloth as needed in order to apply approximately one to two ounces daily depending on the size of the animal. Avoid using excessive amounts of READY "SPONGE-ON" on your animals.

After applying, groom with a brush.

Repeat daily applications as necessary. Frequency of application will vary according to the season, temperature, amount of rainfall and cleanliness of stable area. The best time for application is in the morning or evening before turning out.

Sponge or cloth will remain moist between daily applications if stored in an air tight container.

CAUTION: Avoid contamination of feed and foodstuffs. May be harmful if swallowed. Do not store nor pour near flame nor use while smoking. Do not use on show stock intended for milk production.

WARRANTY: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
