PROFESSIONAL CRABGRASS PREVENTER WITH TUPERSAN

For Professional Use Only

A Tupersan coated corn cob for selective pre-emergence control of certain annual weeds and crabgrass, both smooth and hairy manufactured specifically for use in cyclone-type spreaders.

DIRECTIONS FOR USE

PROFESSIONAL CRABGRASS PREVENTER WITH TUPERSAN is recommended for pre-emergence control of annual weed grasses such as crabgrass (smooth and hairy), foxtail and barnyardgrass, in newly seeded or established plantings of the following grasses only: Bluegrass, Fescue, Redtop, Smooth Brome, Perennial Ryegrass, Orchardgrass, and the following strains of bent grass: Penncross Seaside, Highland Astoria, Nimisila, C-1, C-7, and C-19. Do not use on other strains of bentgrass nor on Bermudagrass as injury to turf may result. Use on golf greens is not recommended as injury to turf may result. Treatment will not control annual bluegrass (*Poa annua*), clover or most broadleaf weeds.

PROFESSIONAL CRABGRASS PREVENTER WITH TUPERSAN may be applied at any stage of turf development including new seedings. At least 1/2 inch of water must be provided by rainfall or irrigation within 3 days after treatment in order to carry the chemical into the root zone of germinating weeds.

AMOUNT TO USE - WHEN TO APPLY

ESTABLISHED TURF AND NEW FALL SEEDINGS: Apply in Spring just before expected emergence of annual weed grasses at 5 lbs. per 1000 sq. ft.

SPREADER SETTING: CYCLONE 5 1/2.

NEWLY CONSTRUCTED SPRING LAWNS: Apply as first operation in winter or spring. Use 2 lbs. per 1000 sq. ft. Retreat about one month later with additional 2 lbs. per 1000 sq. ft.

SPREADER SETTING: CYCLONE 4.

ACTIVE INGREDIENT

Siduron (1-(2-methyl-4-chlorophenyl)-3-phenylurea)

4.57

INERT INGREDIENTS

95.43

100.00

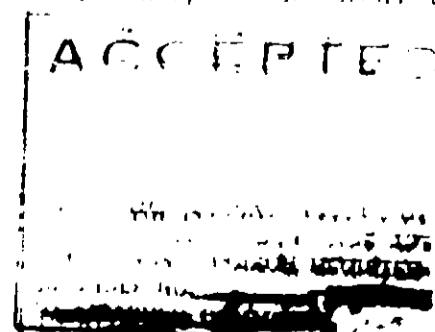

CAUTION: KEEP OUT OF REACH OF CHILDREN

May irritate eyes, nose, throat, skin. Avoid breathing dust or contact with mucous membranes. Wash thoroughly after using. Do not contaminate food or foodstuffs, animal feedstuffs, or clothing. Use only on turf areas. Do not apply to crops used for food or feed purposes.
