INERT INGREDIENTS: 98.43%  
\*U.S. Pat. Pending E. I. duPont de Nemours and Company

ROCKLAND BENOMYL TURF FUNGICIDE GRANULES are recommended for the control of dollar spot, large brown patch and stripe smut. These Granules provide both curative (eradicator) action and protective action. Apply recommended rate with spreader at suggested setting listed. After uniform application, water turf sufficiently to carry product to base of plants.

For Dollar Spot and Large Brown Patch, spread contents of bag over 6,000 sq. ft. of turf.

Apply at earliest appearance of disease and continue at 10 to 14 day intervals, as long as needed, or 5 to 7 days when conditions are unusually favorable for development of disease. Do not graze or feed clippings from treated areas to livestock.

For Stripe Smut, spread contents of bag over 2,000 sq. ft. Make single application in early Spring or in October.

### Suggested Spreader Settings

	6,000 Sq. Ft. Coverage	2,000 Sq. Ft. Coverage		6,000 Sq. Ft. Coverage	2,000 Sq. Ft. Coverage
CYCLONE	4 1/2	7	LAWN BEAUTY	5 1/2	8
JACKSON	6	8 1/2	SCOTT	5	7 1/2

These spreader settings are meant as a guide. They are in no sense a guarantee of exact application, inasmuch as age, wear of spreader, speed of operation and roughness of terrain can cause variations in rates applied.

### CAUTION

May irritate eyes, nose, throat and skin. Avoid breathing dust. Avoid contact with skin, eyes and clothing. Wash thoroughly after using. Keep away from fire or sparks. In case of contact, flush skin or eyes with plenty of water. For eyes, get medical attention.

Keep container closed when not in use. Do not re-use container. Bury bag when empty.

**WARRANTY:** Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risks of use and/or handling of this material, which such use and/or handling is contrary to label instructions.
