Lawn Weed
Killer

ACCEPTED
July 11, 1974
UNDER THE FEDERAL
FUNCTIONING
FOR THE
ED. DE. 572-269
TO ATTACH

Net Contents: 1 Pint

DIRECTIONS

ROCKLAND LAWN WEED KILLER will give the most effective control when applied to vigorously growing weeds in Spring or Fall after a rain. Apply on a warm day when there is no wind, preferably in the morning or evening. Measure the area to be sprayed and mix the correct dosage, using a conventional lawn sprayer or a sprayer with hose attachments. For requirements different than listed below, consult local turf authority.

LAWN WEEDS: For Dandelion, Plantain, Chickweed, Knotweed, Purslane, Clover, Paspalum and many others, mix 4 tablespoons (2 fl. oz.) in 3 gallons of water and apply to 500 sq. ft. of lawn. Do not use on Dichondra, Lippia or Clover lawns. Do not use on new lawns until after at least second cutting. Do not water for 24 hours or reseed for at least 3 weeks. Wild onion may require repeated application in late fall and early spring. For St. Augustine or Bent Grass Lawns, make 3 applications at 10 day intervals, using 1/2 strength, or 1 fl. oz., in 3 gallons of water for 600 sq. ft.

HARD-TO-KILL WEEDS: For Ragweed, Dock, Morning Glory in Lawns, Thistle, along Fence Rows, Right-of-Ways, spray in the spring when leaves are full grown, using 3 tablespoons or 1 1/2 fl. oz. per gallon of water (1-100 dilution). Spray to wet all plant surfaces thoroughly. Repeat as necessary.

For control of POISON IVY and WOODY PLANTS in Wastelands, Fence Rows, HONEYSUCKLE, SUMAC, BRAMBLES and Noxious Weeds, use 4 fl. oz. (1/2 cup) per gallon of water. Spray to wet all plant surfaces thoroughly. Application may be repeated in 4 weeks.

CAUTION: Keep out of reach of children. Harmful if swallowed. Avoid inhalation and contact with skin, eyes or clothing. Wash hands after using. Do not contaminate water used for domestic or irrigation purposes.

Keep containers closed. Do not store near heat or open flame, nor seeds, fertilizers, insecticides or fungicides. Avoid spray drift to susceptible plants as this product may injure cotton, beans, peas, grapes, ornamentals, etc. (coarse sprays are less likely to drift). Destroy container when empty. Do not reuse. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes (or do not use same spray equipment for other purposes). Vapors from the product may injure susceptible plants in the immediate vicinity. Product may injure St. Augustine and Bent Grass lawns.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

WARRANTY: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
