ACTIVE INGREDIENTS:	
Pine Oil	15.0%
Soap	11.4%
O-benzyl p-chlorophenol	3.9%
INERT INGREDIENTS:	69.7%
Total	100%

A powerful, pleasant disinfectant, germicide and deodorant which is guaranteed to be 5 times stronger than the standard 5% phenol solution when tested against S. Typhosa by the A.O.A.C. Phenol Coefficient Method.

This product is especially recommended for use in apartment buildings, household, schools, office buildings and industrial plants for disinfecting of floors, walls, sinks, bathrooms, toilets, urinals and outhouses. Can be used as a deodorant which is noticeable from 1 to 3 hours after use.

It is instantly soluble in water forming a milky white emulsion which does not separate on standing. When mixed with water in recommended dilutions does not stain the walls, floors, or clothes, and leaves a pleasant and fragrant odor of Pine.

DIRECTIONS FOR USE

FOR DISINFECTING PREMISES: Remove gross filth from surfaces prior to disinfecting. Prepare a solution of 3 1/2 tablespoons of disinfectant to one gallon of water. Wet surface thoroughly with the disinfecting solution and allow to remain for 10 minutes.

FLOORS: When mopping or scrubbing, use 3 1/2 tablespoons disinfectant to each gallon of water in the bucket.

TOILET ROOMS, WATER CLOSETS AND URINALS: Wash the closet and urinal bowls regularly, with a solution of 3 1/2 tablespoons of disinfectant in each gallon of water, leaving the solution in the bowl as long as possible. Scrub the floor and seat frequently with this solution. Remove residual bowl water from toilet before application of disinfectant.

GARBAGE RECEPTACLES: To aid in deodorization, sprinkle with the solution in the proportion of 4 tablespoons of disinfectant to a gallon of water. Rinse the empty can with some of the solution and leave the wash in the can.

TYPHOID SICKROOM: In the disinfecting of bed frames, floors, walls, bed pans, clothing, bed clothes, utensils, use 6 tablespoons per gallon. Soak clothing and bed clothes in recommended use dilution before laundering. For treated utensils and bed pans, thoroughly scrub with detergent and rinse with potable water prior to reuse.

WARNING: Harmful if swallowed. May cause skin or eye irritation. In case of contact, flush with plenty of water. For eyes get medical attention! Avoid breathing spray mist. Avoid contamination of feed and foodstuffs.

Wash empty container thoroughly with water and detergent. Discard in a safe place.

FIRST AID: If swallowed, give raw egg white, milk, mucilage, gruel or cornstarch. Call Physician immediately.

WARRANTY: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

EPA Reg. No. 572-293
