PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals

DANGER

KEEP OUT OF REACH OF CHILDREN

CORROSIVE: Causes severe eye and skin damage. Do not get in eyes, skin or on clothing. Harmful if swallowed. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush with plenty of water for at least 15 minutes. If in eyes, call a physician immediately. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. DO NOT INDUCE VOMITING. Avoid alcohol. Get medical attention.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

STORAGE AND DISPOSAL

STORAGE: Store unused material, in original container only, in a locked storage area out of reach of children and animals. Keep container tightly closed. Do not contaminate water, food or feed by storage or disposal. Store in a dry place between 50°F and 120°F.

PESTICIDE DISPOSAL: Pesticide or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, State or Local procedures.

CONTAINER DISPOSAL: Do not reuse empty container. Securely wrap in several layers of newspaper and discard in trash. Rinse thoroughly before discarding in trash.

C29301

DISINFECTANT — DEODORANT — GERMICIDE — CLEANER

A powerful, pleasant disinfectant, germicide and deodorant.

This product is especially recommended for use in apartment buildings, households, schools, office buildings, and industrial plants for disinfecting floors, walls, sinks, bathrooms, toilets, urinals, and outhouses. Can be used as a deodorant which is noticeable from 1 to 3 hours after use.

It is instantly soluble in water forming a milky white emulsion which does not separate on standing. When mixed with water in recommended dilutions does not stain the walls, floors, or clothes, and leaves a pleasant and fragrant odor of pine.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR DISINFECTING PREMISES: Remove gross filth from surfaces prior to disinfecting. Prepare a solution of 3½ tablespoons of disinfectant to one gallon of water. Wet surface thoroughly with the disinfecting solution and allow to remain for 10 minutes.

FLOORS: When mopping or scrubbing, use 3½ tablespoons disinfectant to each gallon of water in bucket.

TOILET ROOMS, COMMODOES AND URINALS: Wash the commode and urinal bowls regularly with a solution of 3½ tablespoons of disinfectant in each gallon of water, leaving the solution in the commode as long as possible. Scrub the floor and seat frequently with this solution. Remove residual bowl water from toilet before application of disinfectant.

GARBAGE RECEPTACLES: To aid in deodorization, sprinkle with a solution in the proportion of 4 tablespoons of disinfectant to a gallon of water. Rinse the empty can with some of the solution and leave the wash in the can.

TYPHOID SICKROOM: In the disinfecting of bed frames, floors, walls, bed pans, clothing, bed clothes, utensils, use 6 tablespoons per gallon. Soak clothing and bed clothes in recommended use dilution before laundering. For utensils and bed pans follow with a rinse of potable water.
