STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get Medical Attention.  
IF ON SKIN: Remove contaminated clothing. Wash skin with soap and water.  
Launder clothes before reusing. Get medical attention if irritation persists.  
IF INHALED: Remove victim to fresh air away from contaminated area.  
IF SWALLOWED: Promptly drink large quantities of water. Avoid alcohol. Call a physician or Poison Control Center immediately. Do not induce vomiting or give anything by mouth to an unconscious person. NOTE TO PHYSICIAN: There is no specific antidote; if ingested, do not induce the emesis and take care to avoid aspiration of stomach contents during gastric lavage. Give a saline laxative and supportive therapy.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: WARNING. Harmful if swallowed. Avoid contact with eyes and skin. Avoid inhalation of spray mist. Avoid contamination of food and feed. Keep children and pets off treated areas until spray dries.  
ENVIRONMENTAL HAZARDS: Do not contaminate water used for irrigation or domestic purposes. Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.  
PHYSICAL HAZARDS: Do not use, pour, spill or store near heat or open flame.

WEED AND GRASS KILLER is for non-selective weed and grass control in Driveways, Patios, along Fence Rows and industrial Sites where a weed-free soil surface is

desired. This product kills most young weeds and grasses on contact and deposits a chemical residue on the soil. This residue controls annual weeds and grass seedings from germinating during the entire growing season. Contact activity will be apparent in a few days. Final kill by root penetration may take from 2 to 3 weeks.

DIRECTIONS FOR USE.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For best results apply in early Spring before weeds germinate. If weeds have germinated, apply before they are 4 inches tall. During seasons of unusually high rainfall, a second application may be necessary.

FOR WALKS, DRIVEWAYS, PATIOS, TENNIS COURTS AND GRAVELED AREAS: Mix 1 quart WEED & GRASS #1 KILLER with 2 gallons of water and apply over 175 sq. ft. Use a sprinkling can or sprayer to thoroughly wet all foliage.

FOR AREAS WHERE HEAVY GRASS AND WEED GROWTH IS PRESENT, such as FENCE ROWS and FIRE LANES and where vegetation is more than 24 inches high, mow or cut to 8 inch height before applying. Apply 1 quart in 5 to 8 gallons of water per 175 sq. ft. To control deep rooted perennial weeds such as MILKWEED and CANADA THISTLE a second application in 2 to 3 months may be necessary.

CAUTION: Do not use this product on lawns. Do not use close to desirable flower beds. Do not apply over root zones of valuable trees, shrubs or woody ornamental plants. Apply this material outside the drip line of trees and shrubs. Do not store near fertilizers, seeds, insecticides or fungicides. Avoid spray drift to susceptible plants as this product may injure cotton, beans, peas, grapes, ornamentals, etc. (Coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity.

CLEANING EQUIPMENT: Wash sprinkling can or sprayer thoroughly with household detergent and water immediately after use. Rinse with clean water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store unused material, in original container only, in a locked storage area out of reach of children and animals.

PESTICIDE DISPOSAL: Pesticide, spray mixture or rinse water that cannot be used according to label instructions, must be disposed of according to Federal, State or local procedures.

CONTAINER DISPOSAL: Do not reuse empty container. Securely wrap in several layers of newspaper and discard in trash. Rinse container thoroughly before discarding.

NOTICE: Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.
