

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

HANDLING PRECAUTIONS: When using this product, wear long-sleeved shirt, long pants, socks, shoes and chemical resistant gloves. After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment until spray has dried.

If Container is OVER 1 GALLON UP TO 5 GALLON: Persons engaged in open pouring of this product must also wear coveralls or a chemical-resistant apron.

IF CONTAINER IS OVER 5 GALLON SIZE: A mechanical system (probe & pump) must be used for transferring the contents of this container. If the contents of a non-refillable pesticide container are emptied, the probe must be rinsed before removal.

For best results apply in early Spring before weeds germinate. If weeds have germinated, apply before they are 4 inches tall. During seasons of unusually high rainfall, a second application may be necessary.

FOR WALKS, DRIVEWAYS, PATIOS, TENNIS COURTS AND GRAVELED AREAS: Mix 1 quart WEED & GRASS #1 KILLER with 2 gallons of water and apply over 175 sq. ft. Use a sprinkling can or sprayer to thoroughly wet all foliage.

FOR AREAS WHERE HEAVY GRASS AND WEED GROWTH IS PRESENT, such as FENCE ROWS and FIRE LANES and where vegetation is more than 24 inches high, mow or cut to 8 inch height before applying. Apply 1 quart in 5 to 8 gallons of water per 175 sq. ft. To control deep rooted perennial weeds such as MILKWEED and CANADA THISTLE a second application in 2 to 3 months may be necessary.

The maximum number of broadcast applications per treatment site is 2 per year.

CAUTION: Do not use this product on lawns. Do not use close to desirable flower beds. Do not apply over root zones of valuable trees, shrubs or woody ornamental plants. Apply this material outside the drip line of trees and shrubs. Do not store near fertilizers, seeds, insecticides or fungicides. Avoid spray drift to susceptible plants as this product may injure cotton, beans, peas, grapes, ornamentals, etc. (Coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity.

CLEANING EQUIPMENT: Wash sprinkling can or sprayer thoroughly with household detergent and water immediately after use. Rinse with clean water.

STORAGE AND DISPOSAL

BEST AVAILABLE COPY

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store unused material, in original container only, in a locked storage area out of reach of children and animals.

PESTICIDE DISPOSAL: Pesticide, spray mixture or rinse water that cannot be used according to label instructions, must be disposed of according to Federal, State or local procedures.

CONTAINER DISPOSAL: Do not reuse empty container. Securely wrap in several layers of newspaper and discard in trash. Rinse container thoroughly before discarding.

NOTICE: Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: WARNING: Do not get in eyes. Causes substantial but temporary eye injury. Wear goggles or face shield when handling concentrate. Harmful if swallowed. Avoid contact with skin or clothing. Avoid breathing vapors or spray mist.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water when disposing of equipment washwaters.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Immediately flush eyes with plenty of fresh water and get medical attention immediately.

IF SWALLOWED: Drink one or two glasses of water, Induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately.

IF ON SKIN: Wash skin with plenty of soap and water. Get medical attention if irritation persists. Launder clothing and decontaminate footwear before reuse.

IF INHALED: Remove from contaminated atmosphere.

DIRECTIONS FOR USE

BEST AVAILABLE COPY

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. Use strictly in accordance with label precautionary statements and directions.

HANDLING PRECAUTIONS: When using this product, wear long-sleeved shirt, long pants, socks, shoes and chemical resistant gloves. After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment until spray has dried.

This product can reach groundwater as a result of mixing and loading. To minimize groundwater contamination from spills during mixing, loading and cleaning of equipment, take the following steps: The mixing and loading of spray mixtures into the spray equipment must be carried out on an impervious pad (i.e., concrete slab, plastic sheeting) large enough to catch any spilled material. If spills occur, contain the spill by using an absorbent material (e.g., sand, earth or synthetic absorbent). Dispose of the contaminated absorbent material by placing in a plastic bag and following disposal instructions on this label. Triple rinse empty containers and add the rinsate to the mixing tank.

CLEANING OF EQUIPMENT: When cleaning equipment, do not pour the wash-water on the ground; spray or drain over a large area away from wells and other water resources.

The maximum number of broadcast applications per treatment site is 2 per year.

ROCKLAND THREE WAY Lawn Weed Killer is effective for the control of dandelion, chicory, clover, dock, dog fennel, English daisy, Frenchweed, knotweed erect, knotweed prostrate, ground ivy, hawkweed, healall, henbit, lambsquarter, mallow, morning glory, chickweed (mouse ear-commonstitchwort), mustard, oxalis, pennywort, peppergrass, pigweed plantain, poison ivy, poison oak, Canada thistle, burdock, jimson weed, purselane, ragweed, smartweed, sheep sorrell, spotted spurge, wild aster, wild carrot, wild garlic, wild onion, wild radish, wood sorrel, and many other broadleaf weeds.

IMPORTANT: Do not use this product for controlling weeds in flower or vegetable beds or around shrubs or ornamental plantings. Do not reseed for 3 to 4 weeks after use. If lawn needs watering, water thoroughly before application. Do not water for 48 hours after application. Spray entire lawn, wetting weeds and lawn grasses; do not overspray. Spray when air is calm to avoid spray drift that might injure desirable ornamental plants. Do not apply when temperatures are expected to exceed 85° within 24 hours following application. Make new dilution for each use.

NEWLY SEEDED LAWNS - May be treated after they have been mowed at least 3 times. BENT, BERMUDA, RED FESCUE, CENTIPEDE AND CARPET GRASSES - Use one-half recommended rate (2 tsp. of this product per gal. water covers 200 sq. ft.). Temporary injury may occur. Make 2 applications 10 days apart. do not apply to Dichondra, Lippia, St.
