The Sherwin-Williams Company
101 West Prospect Avenue
Cleveland, OH 44115-1075

Dear Ms. Harding

Subject: Minor labeling revisions
Cuprinol® Wood Preservative Green No. 10
EPA Registration No. 577-541
Amendment application of May 21, 1999

The labeling referred to above, submitted in connections with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable provided that you make the following labeling changes:

- 1. Revise the precautionary statement to read:

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMAN AND DOMESTIC ANIMALS**

WARNING: Harmful if swallowed. May be absorbed through skin. Causes skin irritation. Do not breath vapor or mist during brush, roll, spray or drip application. Wear a NOSH/MESA-approved mist/vapor respiratory when spraying for continued or prolonged use of this product or for frequent use of this product. Use in well ventilated area. Wash clothing before reuse.

- 2. Add the following first aid statement:

FIRST AID

IF SWALLOWED: Do not induce vomiting. Call physician immediately

IF EYES: Flush with plenty of water and get medical attention.

IF ON SKIN: Wash with soap and water.

Submit two copy of final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amendment labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Adam Heyward

If you have any questions about Cuprinol® products, where, how and when to use them, please call us at 1-800-424-5837.

Cuprinol® Wood Preservative

USE ON WOOD IN CONTACT WITH SOIL OR WATER.

This is the Wood Preservative which is world famous among boat owners, It prolongs the life of all wood by protecting against rot, termite damage, mildew, warping and swelling. Cuprinol® No. 10 Green Preservative contains a powerful copper fungicide-insecticide and water repellents for three-way protection. This is important for wood used in contact with soil, water and concrete. Apply Cuprinol® Preservative liberally to fence posts, poles, foundation sills, docks, boats and all wood exposed to moisture or weather. Wood should be free of bark, dry and well seasoned. Exceeds Federal Specification TT-W-00572b. The green of Cuprinol® No. 10 Preservative is from the copper fungicide and is not a lasting stain. Color will fade within a matter of months, and may bleed through lighter colors of stains and paints. Use Cuprinol® Siding Clear Preservative for wood above ground and under paint.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
For Exterior Use Only
Before use, thoroughly mix contents of can. Do not thin. Apply by brush, spray or dip to clean, dry, bare wood. Use one thin coat under finishes. When no finish is to be used, two generous coats applied within 1 hour, or a 3-minute dip, is recommended. THOROUGHLY cover ends. The more preservative absorbed by the wood, the longer and more effective the protection. Cuprinol® No. 10 Green Preservative dries to the touch rapidly. Clean excess from surface with mineral spirits and let dry approximately 24 hours before applying dark paint or finish. Clean Cuprinol® No. 10 Green Preservative from brushes, etc., with mineral spirits or turpentine. Not recommended to be overcoated with latex (water base) paint or clear finishes until thoroughly cured (6-12 months).
AVERAGE: 300 sq. ft per gallon average, depending on wood porosity and surface roughness.

STORAGE & DISPOSAL

STORAGE: Close container tightly and store upright to prevent leakage. Do not contaminate water, food, or feed by storage or disposal. Do not use or store near excessive heat, sparks or flame. Store in original container. Soak up spills with sand, dirt, or synthetic absorbent and non-sparking tools.
PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Do not re-use original container.

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

WARNING: Contains petroleum distillates. Harmful if swallowed. If swallowed, do not induce vomiting. Call physician immediately. May be absorbed through skin. Causes skin irritation.

Do not breath vapors or mist during brush, roll, spray or dip applications. Wear a NIOSH/MHSA-approved mist/vapor respirator when spraying for continued or prolonged use of this product or for frequent use of this product.

Use in well ventilated area. Avoid contact with skin, eyes or clothing. In case of contact, immediately remove contaminated clothing and wash skin with soap and water. For eyes, flush with plenty of water and get medical attention. Wash clothing before reuse. **KEEP OUT OF REACH OF CHILDREN.**

ENVIRONMENTAL HAZARDS: This product is toxic to fish. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by disposal of equipment wash waters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS: COMBUSTIBLE MIXTURE. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME
