Subject: Label Amendment – Tralopyril Amended Interim Registration Review Decision
Label Mitigation
Product Name: HMF Antifouling Paint
EPA Registration Number: 577-570
Received Date: 7/20/2020
Decision Number: 564745

Dear Lisa Amadio:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Tralopyril Amended Interim Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised

labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Erin Dandridge by phone at 202-566-0635, or via email at dandridge.erin@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jose Gayoso", is centered on the page.

Jose Gayoso, Senior Regulatory Advisor
Reevaluation Branch
Antimicrobials Division (7510P)
Office of Pesticide Programs

Enclosure: Stamped label

[PRODUCT NAME]

Product Color (optional)

For protecting underwater ship hulls from marine growth

Product Number (optional)

ACTIVE INGREDIENT

Zinc Pyrithione6.38%
1H-Pyrrole-3-carbonitrile,4-bromo-2-(4-chlorophenyl)-5-(trifluoromethyl)..... 7.28%

INERT INGREDIENTS..... 86.34%

TOTAL..... 100.00%

CONTAINS PETROLEUM DISTILLATES

Net Weight:

5 U.S. Gal
18.92 L

EPA Reg. No. 577- 570

EPA Est. No.

577-VA-01
577-CA-03
577-GA-01
577-KS-02
577-KY-01

KEEP OUT OF REACH OF CHILDREN

WARNING

**COMBUSTIBLE! VAPOR HARMFUL. IRRITATES EYES, SKIN AND RESPIRATORY TRACT.
SEE SIDE PANEL FOR ADDITIONAL [PRECAUTIONARY STATEMENTS]**

Back or Side of Label

[Product Name] is a solvent-based copper and tin free antifoulant coating, containing a unique blend of biocides to deter both soft and hard fouling.

- Contains unique organic biocide technology to comply with the IMO ban on coatings containing TBT
- Biocides are non-persistent in the environment, with very short half lives
- Complies with VOC regulations

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Using a program that conforms to OSHA's requirements (see 29 CFR Part 1910.134), employers must verify that any handler who uses a respirator is:

- Fit-tested and fit-checked
- Trained, and
- Examined by a qualified practitioner to ensure physical ability to safely wear the style of respirator to be worn. A qualified medical practitioner is a physician or other licensed health care professional who will evaluate the ability of a worker to wear a respirator. The initial evaluation consists of a questionnaire that asks about medical conditions (such as a heart condition) that would be problematic for respirator use. If concerns are identified, then additional evaluations, such as a physical exam, might be necessary. The initial evaluation must be done before respirator use begins. Handlers must be reexamined by a qualified medical practitioner if their health status of respirator style or use-conditions change.

Upon request by local/state/federal/tribal enforcement personnel, employers must provide documentation demonstrating how they have complied with these requirements.

Mix thoroughly prior to use.

Application temperature 50-100°F/ 10-38°C.

Apply by airless spray, conventional spray, brush or roller.

Apply at 5 – 10 mils wet per coat. (3.0 – 6.0 dry mils per coat)

Recoat Time: 16 hours

Launch Time: 24 hours

Thinning: If needed, do not exceed more than 5% by volume VM&P Naphtha or High Flash Naphtha 100.

Shelf Life: 24 months, unopened

FOR MARINE APPLICATIONS ONLY.

[OTHER INFORMATION]

VOC: Unreduced: Less than 330 g/l (2.78 lbs./gal, maximum)

Reduced at 5%: Less than 350 g/l, 2.92 lbs/gal

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL

Pesticide that cannot be used according to label instructions must be disposed of according to federal, state or local procedures under the Resources Conservation and Recovery Act.

CONTAINER DISPOSAL

Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

DELAYED EFFECTS FROM LONG TERM OVEREXPOSURE.

Contains solvents which can cause permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal.

FIRST AID

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a *poison control center or doctor*.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

HAVE THE PRODUCT CONTAINER OR LABEL WITH YOU WHEN CALLING A POISON CONTROL CENTER OR DOCTOR OR GOING FOR TREATMENT.

Note to Physician

Contains petroleum distillate - vomiting may cause aspiration pneumonia.

NOTICE: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMAN AND DOMESTIC ANIMALS**

WARNING: Causes substantial, but temporary eye injury. Harmful if swallowed or inhaled. Do not get in eyes or on clothing. Avoid breathing vapor or spray mist. Avoid contact with skin. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, chewing gum, using tobacco, or using restroom. Remove and wash contaminated clothing before reuse.

When used in confined areas or while spraying and/or sanding boat surface, wear a mask or a respirator jointly approved by the Mining Enforcement and Safety Administration and the National Institute for Occupational Safety and Health, under the provisions of 30 CFR 11. Occupational handlers in the sprayman position applying this product are required to wear a NIOSH approved full facepiece supplied-air respirator (PF 1000) during use OR a continuous flow supplied air or powered air purifying respirator equipped with a hood that covers the face, neck, and shoulders. The air or powered air purifying respirator shall have an assigned protection factor of 1,000, per NIOSH standards, and must be used with an organic vapor cartridge and a high efficiency (HEPA) pre-filter. The spray man shall wear safety glasses beneath the hood respirator. Occupational handlers in the line tender position applying this product are required to wear a NIOSH approved air-purifying half-face mask elastomeric respirator (PF 10) with any R or P filter during use.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, aquatic invertebrates, oysters, and shrimp. Do not apply directly to water by cleaning of equipment or disposal of wastes. Do not allow chips and dust generated during paint removal to enter water. Dispose paint debris in an approved landfill. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

COMBUSTIBLE. FLASH POINT APPROXIMATELY 102°F. Do not use or store near heat or open flame. Pesticide, container or rinse solution that cannot be used according to label instructions must be disposed of according to Federal or approved State procedures under Subtitle C of the Resource Conservation and Recovery Act.
