

DIRECTIONS

Apply this product only as specified on this label.

SUBTERRANEAN TERMITES - Directions for Non-Professional Use

Dilute 1 gallon of 40CE in 40 gallons of water.

Buildings Having Basements or Crawl Spaces

Dig a trench along the outside of the foundation walls. In brick or hollow block or concrete foundations, dig a trench to, but not below, the footing. Then as the trench is refilled, treat the soil at the rate of 4 gallons per 10 linear feet for each foot of depth. A trench 3 feet deep would require 12 gallons per 10 linear feet.

The objective is to establish a treated soil barrier which will prevent termite entry. Other critical areas may also require treatment. It is suggested that you consult the State Extension Service for advice.

NON-WARRANTY

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

CHLORDANE

ACCEPTED
40-CE
 OCT 8 1976
 Under the Federal Insecticide,
 Fungicide, and Rodenticide Act,
 as amended, for the pesticide
 registered under
 EPA Reg. No. 595-129

WARNING:

ACTIVE INGREDIENT:
 *Chlordane Technical 40%
INERT INGREDIENTS: 60%
 Total 100%

*Equivalent to 24% Octachloro-4, 7-methano-tetrahydroin-
 dane and 16% related compounds.

HARMFUL IF SWALLOWED! Contact with skin can cause
 toxic symptoms. On lawn applications, keep children and
 pets off treated area until material is watered into soil and
 grass is dry. Avoid inhalation and contamination of feed
 and foodstuffs. Avoid contact with skin and eyes. For contact
 with skin, wash thoroughly with soap and water; for eyes,
 flush with plenty of water and obtain medical attention. If
 taken internally, induce vomiting and call a physician.

Highly toxic to fish and wildlife. Do not contaminate any
 body of water nor apply when conditions favor drift from
 the area treated. Birds feeding on treated areas may be
 killed. Do not contaminate water by cleaning of equipment,
 or disposal of wastes.
 Do not reuse empty containers. Destroy by perforating or
 crushing and burying in a safe place.

CAUTION:
