NEW! "Spray Any Way" Valve allows can to be held in any position while spraying.

DIRECTIONS

To kill fleas, ticks, and lice—hold container about 10 inches from dog and spray with sweeping motion over entire body. Puffe hair coat so spray will penetrate to skin surface. Apply to inner ear region and between toes if ticks are present. Do not spray directly in eyes. Brush off dead fleas, ticks, and lice after 24 hours. Treat dog's bedding to help prevent reinfestation. Repeat at weekly intervals if needed.

To aid in repelling flies, mosquitoes and gnats—apply as a mist to ears or body regions where the specific insect attacking the dog usually feeds.

CATS: May be used on cats over 4 weeks of age.

CAUTION: Avoid inhalation and contact with skin. Wash hands after using. Harmful if swallowed or inhaled.

Avoid contamination of feed. Do not place container on stove or radiator, or expose to temperatures above 120° F.

Do not puncture or incinerate.

Do not treat kittens or puppies under 4 weeks of age.

Active Ingredients:

3,5,4'-tribromosalicylanilide	0.025%
Pyrethrins	0.060%
Technical Piperonyl Butoxide*	0.120%
N-octyl bicycloheptene dicarboximide	0.200%
2,3:4,5-bis (2-butylene) tetrahydro-2-furaldehyde	0.240%
Carbaryl (1-Naphthyl methylcarbamate)	0.500%
Ethyl p-aminobenzoate	0.500%
Inert Ingredients	98.355%
	<hr/>
	100.000%

*Equivalent to 0.096% (Butylcarbityl) (6-propylpiperonyl) ether and 0.024% related compounds.
