Purina Mills, Inc.
PO Box 66812
St. Louis, MO 63166-6812

Attn. R. E. Boyles

Subject: Resmethrin Registration Standard
Purina Space Mist Insecticide
EPA Reg. No. 602-209
Submission received 4/24/89

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Petroleum distillates and hydrocarbons, as active ingredients, are subject to reregistration requirements. If you choose to amend this registration to include the petroleum hydrocarbons and distillates as inert ingredients, revise the draft labels to show - CONTAINS PETROLEUM DISTILLATE - as a substatement to the ingredient statement.

Sincerely,

A handwritten signature in cursive script that reads "Richard F. Mountfort".

Richard F. Mountfort

For use in food and beverage processing plants, food handling establishments, hospitals and nursing homes

**PRECAUTIONARY STATEMENT
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful or fatal if swallowed. If swallowed, do not induce vomiting. Avoid breathing of spray mist. Do not remain in closed area until treatment is completed.

Do not apply to uncovered human foodstuffs or food production equipment, milk equipment.

ENVIRONMENTAL HAZARD

Cover fish bowls and remove pets while spraying.

PHYSICAL OR CHEMICAL HAZARD

DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the label. **HOUSEFLIES, MOSQUITOES, GNATS:** Close doors and windows. Use sprayer towards ceiling to contact flying insects. When using Purina Space Mist Insecticide horizontally below level of ceiling rather than vertically, 1,000 cubic feet of space. Keep building closed for 5 minutes after treatment is completed.

WASPS: Application should be made in late evenings when insects are active and breeding places, contacting as many insects as possible. Remove patients during application in hospitals and nursing homes, remove patients during application before reoccupying.

In processing plants, food should be removed or covered during application. Food should be covered during treatment or thoroughly cleaned before use as a space spray in these areas, apply only when plant is not in operation.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Do not use or store near heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product should be disposed of in an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or dispose of in a sanitary landfill, or by other procedures approved by local, state, or federal authorities.
