

HOW TO USE PURINA PLANT AND LAWN INSECTICIDE

PLANT PESTS: ~~Aphids, bagworms, mites, grasshoppers, spider mites, and whiteflies~~ use 1 ounce per 3 gallons of water (2 teaspoonfuls per gallon).

~~Cutworms, mealybugs, leafhoppers, exposed thrips~~—use 2 ounces per 3 gallons of water (4 teaspoonfuls per gallon). Apply using suitable spray equipment. Provide a complete and uniform coverage of infested plants. Treat when pests appear; repeat at 7 to 10 day intervals, if needed. Note: Do not use on azaleas, camelias, poinsettias, roses or variegated ivy. This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

LAWN PESTS: ~~Chinch bugs, sod webworms, ants, brown dog ticks, cutworms, earwigs, crickets, grasshoppers~~

Compression or Hose Sprayer: use 2 teaspoonfuls for each 3 gallons of water; apply 3 gallons of spray solution to each 100 sq. ft. of lawn.

Hydraulic sprayer: mix 3 ounces per 30 gallons of water for each 1000 sq. ft. of lawn.

Apply as a coarse large droplet spray. For best results the lawn should be moist at time of application. Provide a complete and uniform coverage of infested areas. Spray when pests first appear; re-treat when needed.

WARNING: Keep children and pets off
732 B

treated areas during and until spray has dried. Keep out of fishpools and other bodies of water as fish may be killed. Do not apply where run-off may occur. Do not apply when weather conditions favor drift from areas treated.

WARNING KEEP OUT OF REACH OF CHILDREN . . . MAY BE FATAL IF SWALLOWED . . . MAY BE ABSORBED THROUGH SKIN . . . MAY BE INJURIOUS TO EYES AND SKIN . . . COMBUSTIBLE . . . DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.

Do not take internally. Do not get in eyes or on skin. Wash thoroughly after handling. Wash contaminated clothing before re-use. Flush contaminated eyes with plenty of water and get medical attention. Avoid breathing spray mist or vapors. Avoid spraying food crops. Keep away from food, feedstuffs, and domestic water supplies. Keep container closed. Keep away from heat and open flame. Handle concentrate in ventilated area.

Note to physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

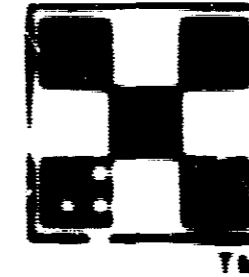

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Do not re-use empty container. Destroy when empty and discard in a safe place.
