

TOP GRASS AND WEED KILLER

Purina Top Grass and Weed Killer top kills weeds and grasses on contact. Useful for weed control around trees, shrubs, rose bushes, along fences and curbs, in walks, driveways or patios. Best results are obtained on young actively growing weeds. Repeat applications are required for season long weed control of perennials. Purina Top Grass and Weed Killer is quickly bio-degraded on contact with soil.

HOW TO USE:

Mix 8 ounces (1 cupful) of Purina Top Grass and Weed Killer in 1 gallon of water.

Use a compression-type tank sprayer to accurately direct spray solution around base of trees, shrubs, or along fence or curb areas. DO NOT allow spray to contact leaves, green bark, grafted areas, or damaged bark of desirable plants. Use a shield if necessary for nursery plantings or young trees. A sprinkling can may be used for application to unwanted vegetation in broad areas such as driveways, walks, or patios.

One gallon of mixed solution will cover approximately 250 sq. ft. if applied with a sprayer. (depending on denseness and height of vegetation).

Use on warm sunny days when air is calm. Apply to unwanted vegetation to just short of runoff. If regrowth occurs, reapply as required.

CAUTIONS: Harmful if swallowed. **ANTIDOTE**—If taken internally, induce vomiting and call physician at once. Avoid contact with skin. Avoid breathing spray mist. Wash hands after using. Keep children and domestic animals off treated areas until the material has been washed into the soil by rain or sprinkling.

Avoid storage near feed or food products. Do not contaminate waters used for domestic consumption, or by animals, wildlife and aquatic life, or for irrigation purposes. Do not allow livestock to graze treated areas.

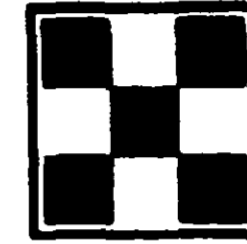

Do not reuse empty container. Wash thoroughly with water and detergent, crush and discard in a safe place.
