DIX-O-TOX 11 is a 55% concentrate which kills resistant flies, cockroaches, and mosquitoes. DIRECTIONS: For the control of houseflies and mosquitoes, mix 1/2 gal. of DIX-O-TOX 11 with 20 gals. of water. Treat all insect breeding areas such as city dumps, sewage disposal areas, garbage heaps and livestock pens. DIX-O-TOX 11 can also be used around buildings that house domestic animals, except dairy barns and poultry houses. DIX-O-TOX 11 can be used for many different types of insect control such as corrals, garbage heaps, calf pens, hogpens, barns, fences, yards, fences around feed lots, ground around water troughs, walls, beams, and ceilings in horse or hog barns and city dumps. CAUTION! DIX-O-TOX 11 should not be used in dairy barns, poultry houses or households. CAUTION! Hazardous if swallowed, inhaled, or absorbed through skin. Avoid breathing mist or vapors. In case of spillage on persons or clothing, immediately remove clothing and flush skin or eyes with plenty of water. Do not contaminate feed or foodstuffs. Keep away from heat or open flame. If swallowed, get prompt medical attention. Atropine is antidotal. CAUTION: This product is toxic to fish and/or wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not apply when weather conditions favor drift from area treated. Do not apply where runoff is likely to occur. Do not
