Cigarette Beetles — To kill exposed stages of cigarette beetles, Dermestids, Drugstore Beetles, Indian Meal Moths, Saw-toothed Grain Beetles and Grain Weevils — Thoroughly treat floors and the walls of the infested area with attention to cracks, crevices, corners, and perimeters. Sanitation and dust control are of primary importance. Fumigate or destroy infested products.

Silverfish, Firebrats and Paperlice — Apply to localized areas infested by these insects.

Clover Mites, Crickets, Earwigs, Millipedes, Centipedes, Sowbugs, Scorpions and Spiders — Thoroughly spray the interior and exterior perimeter of the infested premises. For clover mites give special attention to window sills.

Flies, Gnats, Mosquitoes, Punkies, Sandflies, Wasps and Hornets — **Outdoors Only** — Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios and other areas where insects may enter. For control of wasps and hornets, apply after dark when all of insects have returned to the nest.

CAUTION!

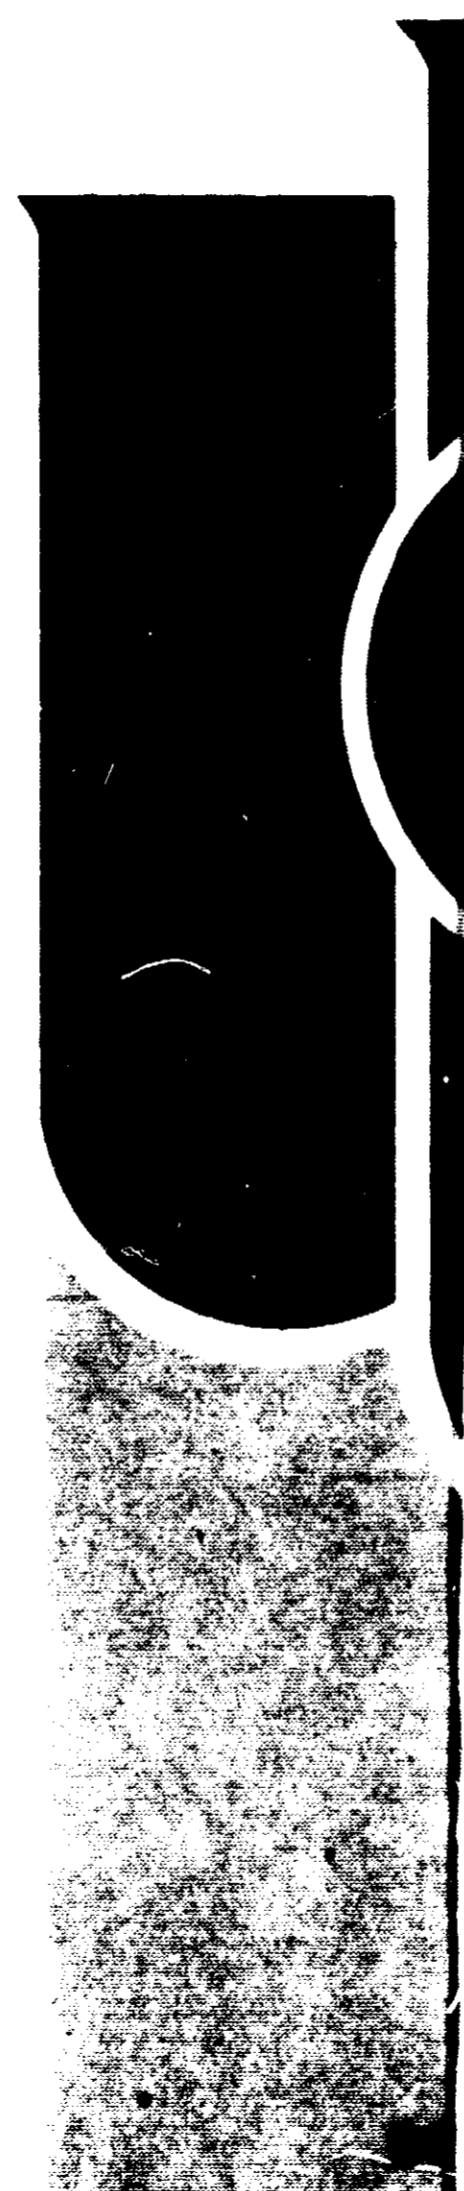

"Warning — Flammable! Keep away from heat or open flame." Do not spray into or near open flame or heated surfaces. Do not smoke while using.

May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing the spray mist and provide adequate ventilation of areas being sprayed. Do not get in eyes, on skin or clothing. Wash thoroughly after using. Avoid contamination of food, utensils and food preparation areas. Do not allow children to contact treated surfaces until surfaces are completely dry. Should illness occur, get prompt medical attention. To Physician: Atropine sulfate is antidotal.

CAUTION AS WITH ANY CHEMICALS.
AVOID CONTACT IN EYES AND SKIN.
AVOID BREATHING OR SWALLOWING.

MANUFACTURED BY CHEMTECH RESOURCES, INC.

RES-B is a highly effective, ready to use, formulation for the control of the insects listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides. RES-B drives insects from their hiding places, gives rapid kill and long residual activity.

THIS PRODUCT IS TOXIC TO FISH. Keep out of lakes, streams or ponds. Birds feeding on treated areas may be killed. Do not treat lawns, plants, shrubs, vines or trees.

DO NOT REUSE EMPTY DRUM. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

RESTRICTIONS: Do NOT apply to rugs, carpets, draperies, wallpaper or similar materials that may stain. **DO NOT USE AS A SPACE SPRAY. NOTE: DO NOT USE IN EDIBLE PRODUCTS AREAS OF FOOD PROCESSING PLANTS, RESTAURANTS OR OTHER AREAS WHERE FOOD IS COMMERCIALY PREPARED OR PROCESSED.** Do not use in serving areas while food is exposed.

Apply RES-B with a low-pressure sprayer equipped with a coarse spray nozzle. Spray surfaces only until wet. Avoid excessive run-off. Apply to all insect breeding sites and harborages. Also treat adjacent exposed surfaces where insects may crawl when they come out of hiding. Repeat treatment as necessary.

Cockroaches — Thoroughly treat the infested area. Spray baseboards, cracks and crevices; around window and door frames; the under surfaces of shelves, drawers and work tables; behind and beneath cabinets, refrigerators, sinks and stoves; in and around waste containers, switch panels, junction boxes, floor drains and other places where cockroaches hide or rest.

Ants — Apply to trails and places where ants enter premises such as window and door sills. Spray hills and runways outdoors.
