# **CARBOLA SPECIAL HOG DUSTING POWDER**

## **HOW TO USE CARBOLA SPECIAL HOG DUSTING POWDER**

Carbola Special Hog Dusting Powder is for insect control on pigs. Also effective as a bedding deodorant. Especially useful during *winter* months when crawling insects and animal odors may be a problem.

## **TO KILL LICE, FLEAS AND TO AID IN PREVENTING THE SPREAD OF SARCOPTIC MANGE**

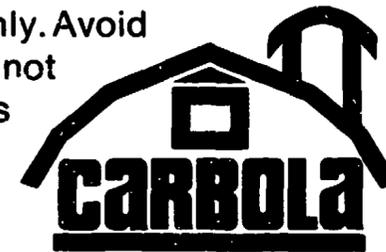

Rub Carbola Special Hog Dusting Powder into the hair coat of all animals of the herd. Dust animals *thoroughly* including inside of ears. Repeat at monthly intervals if additional applications are necessary.

## **AS A BEDDING DEODORANT AND SUPPLEMENTARY AID IN CONTROLLING FLEAS AND LICE**

Remove soiled bedding or litter and scatter Carbola Special Hog Dusting Powder at the rate of 1 lb. per 100 square feet on floor or ground area. Provide clean bedding or litter. Scatter Carbola Special Hog Dusting Powder on the bedding occasionally ( $\frac{1}{2}$  lb. per 100 square feet) as a preventive measure against insects and disagreeable odors.

**CAUTION:** May be absorbed through skin. May cause irritation of nose. Avoid breathing of dust. Avoid contact with skin and eyes. Wash thoroughly. Avoid contamination of feed, food containers and watering troughs. Do not dust bedding of lactating sows. Do not treat animals within 30 days of slaughter. Do not treat animals under three months of age.

**NOTE:** This container was packed full but due to shipping, the contents may settle.
