H

PINE OIL

DISINFECTANT

Reg. No. 29

ACTIVE INGREDIENT
PINE OIL, ANHYDROUS SOAP

INERT INGREDIENT
WATER 10%

A fragrant cleaner and disinfectant for homes, boats, apartments, hotels, motels, office buildings, schools and other public buildings.

DIRECTIONS
As a general cleaner and disinfectant use ¼ cup (2 fl. oz.) per gallon of warm water. Apply so as to wet surfaces thoroughly. As a laundry sanitizer and fabric freshener add 6 fl. oz. to the washing machine at the beginning of the wash cycle. Add one or two cups full into the diaper pail to sweeten and condition the diapers for laundry. For the dogs bath use one tablespoon full per gallon of water.
For handyman degreasing and paint brush cleaning use cleaner straight from the container, soak as necessary then rinse. Wash now and then into the sink. Rinse with water. Will leave surfaces greasefree, sanitary and sweet.

CONTENTS ONE GALLON

USDA Reg. No. 619-22

COEFFICIENT 5

ACTIVE INGREDIENTS
PINE OIL, ANHYDROUS SOAP

INERT INGREDIENT
WATER 10%

A fragrant cleaner and disinfectant for homes, boats, apartments, hotels, motels, office buildings, schools and other public buildings

DIRECTIONS

As a general cleaner and disinfectant use 1/4 cup (2 fl. oz.) per gallon of warm water. Apply so as to wet surfaces thoroughly. As a laundry sanitizer and fabric freshener add 6 fl. oz. to the washing machine at the beginning of the wash cycle. Add one or two cups full into the diaper pail to sweeten and condition the diapers for laundry. For the dogs bath use one tablespoon full per gallon of water. For handyman degreasing and paint brush cleaning use cleaner straight from the container, soak as necessary then rinse. Also, a cup full now and then into the sink drains overnight will keep them greasefree, sanitary and sweet.

CAUTION: Keep out of reach of children
