For Veterinary Use Only

ACCEPTED

APR 19 1974

UNDER FEDERAL INSECTICIDE  
FUNGICIDE AND RODENTICIDE ACT  
FOR ECONOMIC POISON REGISTERED  
UNDER NO. 622-24 SUBJECT  
TO ATTACHED COMMENTS.

## DIRECTIONS

**Dogs:** For fleas, lice or ticks, spray or dip animal using a mixture of 8 oz. in 10 gal. water. Avoid spraying into eyes or mouth. Do not use on dogs more than once a week.

**As a spray:** For control of flies, mosquitoes, fleas, roaches, ticks and gnats in dog kennels, use 1 gal. with 19 gal. water and spray at rate of one gal. for each 1,000 sq. ft. Be certain to penetrate bedding, cracks and crevices. Repeat as necessary.

**Miscellaneous uses:** Use 1 pt. in 2½ gal. water to control cats, roaches and silverfish. Spray thoroughly the areas in animal hospitals frequented by roaches and silverfish, with particular attention to pipes leading to sinks, baseboards, cracks and crevices. For control of ants, spray thoroughly around baseboards, door frames, window sills, and also ant trails and other areas where these pests may enter.
