

# ■ DETER-SAN ■

## DIRECTIONS FOR USE

For cleaning and sanitizing hard surfaces, use one ounce Deter-San (280 ppm) per gallon of water. For disinfecting-deodorizing and cleaning hard surfaces, use 2 ounces Deter-San (500 ppm), and for porous surfaces use 3¼ ounces per gallon. Where high soil loads are encountered, a second rinse is required for maximum efficiency. For treating linens, diapers, rugs, and other fabrics, use 3 ounces per gallon of water.

## CAUTION

Deter-San is a concentrated Germicide, dilute before using. It is non-toxic in use dilution. Avoid contact with skin and eyes. If contact occurs, flush immediately with water. If irritation persists, consult your doctor. Do not allow to come in contact with food.

\*Includes compatible detergents and cleaning compounds.

## DISINFECTANT - DEODORANT - SANITIZER

### Phenol Coefficients:

S. typhosa	27
S. aureus	42

Non-inflammable, non-volatile, odorless, non-corrosive. Non-irritating—in use dilutions.

### Active Ingredients:

n-Alkyl (60% C14, 30% C16, 5% C12, 5% C18) Dimethyl Benzyl Ammonium Chloride	2.5%
n-Alkyl (50% C12, 30% C14, 17% C16, 3% C18) Dimethyl Ethylbenzyl Ammonium Chloride	2.5%
Inert Ingredients*	95.0%

**CAUTION:** KEEP OUT OF THE REACH OF CHILDREN.  
AVOID CONTAMINATION OF FOODS

JUL 20 1967

UNDER THE FEDERAL INSECTICIDE  
FUNGICIDE AND RODENTICIDE ACT  
FOR ECONOMIC POISON REGISTER-  
ED UNDER NO. 623-27

**SUGGESTED APPLICATIONS**

**DEODORANT**—Deter-San is a powerful deodorizer. It is very effective when used in rest rooms around the toilets and urinals. Particularly in schools. Pour a little wash solution into the urinals daily to reduce odors. It can be used to deodorize food stains, vomit, pet accidents, and other odor problems on floors, carpets, and clothes. Wash out garbage cans and kitchen areas for odor control.

**GERMICIDE**—Deter-San is a very powerful germicide. It is effective against many organisms including staphylococcus. For the control of mildew and mold on walls and floors, use a concentration of at least 800 ppm (2 ounces) in one gallon of water.

**SUGGESTED APPLICATIONS**

**In Nursing Homes, Hospitals and Kindred Institutions**

**FOR GENERAL ANTISEPTIC RINSE:** wash hands or body in a solution of 1 ounce in 2 quarts water.

DETER-SAN is widely used to bathe incontinent bed-fast patients.

**For DISINFECTING and DEODORIZING BED PANS:** use 2 ounces in 1 gallon water, wash thoroughly, repeat using fresh solution.

**FOR CONTROLLING ODORS and LIGHT DAMP MOPPING:** use 2 ounces in 1 gallon water.

**FOR DISINFECTING SHEETS, LINENS, APRONS, UNIFORMS and OTHER FABRICS:** agitate the cloth (after washing), in a solution of 2 ounces in 1 gallon water for at least 10 minutes.
