Spray infested surface only until wet

**ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS:** Spray heavily into cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. For ants, spray inside window frames and door sills where ant trails are seen. Spray other localized areas infested with these pests. Repeat treatment as required.

**CARPET BEETLES:** Make localized applications to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelving. Repeat as necessary.

**BROWN DOG TICKS:** Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and heavy drapings. Application must be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

**FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS:** For outdoor use only, as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames, or wherever these insects may enter the room. Also, treat surfaces around light fixtures, on porches, patios, and balconies where these insects alight or congregate.

**FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUTDOORS:** For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestation warrant and as reinfestations occur.

DESTROY CONTAINER WHEN EMPTY. NEVER RE-USE.

**KILLS RESISTANT ROACHES,** ants, flies (outdoors), mosquitoes (outdoors), fleas (outdoors), waterbugs, wasps, brown dirt ticks, silverfish spiders, crickets, chiggers, flying moths, carpet beetles.

ODORLESS — STAINLESS — KILLS  
EVEN RESISTANT ROACHES, ANTS AND  
FLIES — RESIDUAL TYPE.

Harmful if swallowed and kept out of reach of children. Avoid contact with the eyes and feedstuffs. Avoid repeated or prolonged breathing of spray mist and skin contact. Wash thoroughly after use. Do not use in household pipes, drains, etc. Avoid excessive wetting of paint on rubber and plastic materials.

for the spray nozzle. After the nozzle is removed, the hose is pulled out and placed in the bucket. The hose is then pulled out of the bucket and placed in the bucket.

**COMBUSTIBLE MIXTURE:** The material is stored near heat or open flame, and it smokes when lit.

**ANTIDOTE:** External: Wash hands and other exposed areas with soap and water. Internal: Induce vomiting with emetic. If necessary, flush with plenty of water. If possible, do not swallow.
