

RESTRICTED USE PESTICIDE

For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification.

PHOSDRIN® 1, THODAN® 2 E.C.

1, 2, 4-Dichlorophenyl dimethylphosphine oxide
2, 4, 6-Trichlorophenyl dimethylphosphine oxide

DANGER

ACTIVE INGREDIENTS

Aphid. 1, 2, 4-Dichlorophenyl dimethylphosphine oxide
2, 4, 6-Trichlorophenyl dimethylphosphine oxide

INERT INGREDIENTS

Phosdrin is a registered trademark of Shell Chemical Company
Thodan is a registered trademark of Conardine Chemicals Ltd.
U.S. Patent 2,776,885
Mexico, 100,000,000,000, 8-3-62, 2, 4, 6-Trichlorophenyl dimethylphosphine oxide

The manufacturer makes no warranties, express or implied, concerning this product or its use, which extend beyond the description on the label. All statements made concerning this product apply only when used as directed.

MADE IN CANADA BY GAF CHEMICALS, INC., A GAF COMPANY

SOLD BY
Grower Service Corporation Lansing, Michigan 48901

DANGER

Phosdrin is a restricted use pesticide. It is a phosphorus compound which is absorbed through the skin, eyes, nose, mouth, and lungs. It is highly toxic to humans and animals. It is also highly toxic to fish and aquatic life. It is a potent irritant to the eyes, nose, and throat. It is also a potent irritant to the skin. It is a potent irritant to the respiratory system. It is a potent irritant to the digestive system. It is a potent irritant to the urinary system. It is a potent irritant to the reproductive system. It is a potent irritant to the nervous system. It is a potent irritant to the circulatory system. It is a potent irritant to the excretory system. It is a potent irritant to the integumentary system. It is a potent irritant to the musculoskeletal system. It is a potent irritant to the immune system. It is a potent irritant to the endocrine system. It is a potent irritant to the reproductive system. It is a potent irritant to the nervous system. It is a potent irritant to the circulatory system. It is a potent irritant to the excretory system. It is a potent irritant to the integumentary system. It is a potent irritant to the musculoskeletal system. It is a potent irritant to the immune system. It is a potent irritant to the endocrine system.

DIRECTIONS FOR USE

CROP	TO CONTROL	REMARKS
Cabbage Cauliflower Broccoli Brussels Sprouts	Aphids, Lygus Bugs, Loopers, Grasshoppers, Leafhoppers, Salt-marsh Caterpillar, Cutworms (climbing), Dipterous Leafminer (adults), Imported Cabbageworm, Stink Bugs, Diamond-back Moth Larvae, Cross striped Cabbageworm, Harlequin Bug, Flea Beetle	Use 1 to 2 quarts in sufficient amount of water to cover one acre for all insects except Stink Bugs, Diamond-back Moth Larvae, Cross-striped Cabbageworm, Harlequin Bug and Flea Beetle — Use 1½ to 2 quarts. Begin applications when insects first appear and repeat as required. Do not apply to cabbage and broccoli within 7 days of harvest. Do not apply to cauliflower and Brussels sprouts within 14 days of harvest.
Cucumbers Squash (Summer only)	Aphids, Flea Beetle, Grasshoppers, Leafhoppers, Mites	Use 1 to 2 quarts in sufficient amount of water to cover one acre for all insects except aphids — Use 1 quart per acre. Begin applications when pests first appear and repeat as required. Do not apply within 1 day of harvest.
Eggplant	Aphids, Flea Beetle, Colorado Potato Beetle, Whitefly, Green Stink Bug	Use 1 quart in sufficient amount of water to cover one acre. Begin applications when pests first appear and repeat as required. Do not apply within one day of picking.
Muskmelons, Cantaloupes and Watermelons	Aphids, Lygus Bugs, False Chinch Bug, Loopers, Grasshoppers, Salt-marsh Caterpillar, Cutworms (climbing), Dipterous Leafminer (adult), Mites, Omnivorous Leaf Roller	Use 1 to 2 quarts in sufficient amount of water to cover one acre for all insects except Omnivorous Leaf Roller — Use 2 quarts per acre. Begin application when pests first appear and repeat as required. Do not apply within one day of harvest.
Peppers	Aphids, Grasshoppers, Leafhoppers, Mites	Use 1 quart in sufficient amount of water to cover one acre. Begin applications when pests first appear and repeat as required. Do not apply within one day of picking.
Potatoes	Aphids, Flea Beetle, Colorado Potato Beetle, Lygus Bugs, Leafhoppers, Grasshoppers, Green Stink Bug, Three-lined Potato Beetle, Leaf-footed Plant Bug, Mites	Use 1 quart in sufficient amount of water to cover one acre. Begin applications when pests first appear and repeat as required. Do not apply within one day of harvest.
Tomatoes	Aphids, Flea Beetle, Colorado Potato Beetle, Whitefly, Grasshoppers, Leafhoppers, Armyworms, Mites, Loopers, Tomato Fruitworm, Harlequin Bug, Stink Bugs	Use 1 to 2 quarts in sufficient amount of water to cover one acre for all insects except flea beetle, Colorado potato beetle and whitefly — Use 1 quart per acre. Loopers — Use 2 quarts per acre. Begin applications when pests first appear and repeat as required. Do not apply within one day of picking.

DESTROY CONTAINER WHEN EMPTY. NEVER RE-USE.
