## DIRECTIONS FOR USE

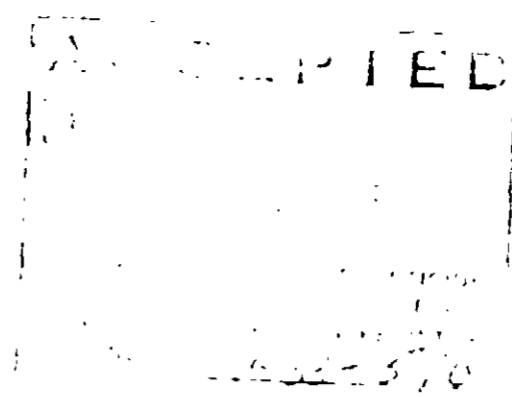

### EQUIPMENT

### APPLICATION OF THE SPRAY

### MIXING THE SPRAY

### PRE-BLOOM, POST-EMERGENCE WEED CONTROL IN COTTON

### RATE

## CAUTION

**HARMFUL IF SWALLOWED:** Avoid contact with skin or eyes. Avoid breathing spray mist. Wash hands after using. Keep children and domestic animals off treated areas until washed into soil. Avoid storage near food and feed products.

**ANTIDOTE:** If taken in large quantities, induce vomiting and call a physician at once.

Do not graze treated areas or feed livestock treated areas. Do not use this mixture for any other crop or in any manner not shown on this label as to be in compliance with applicable laws.

## DIRECTIONS (Continued)

### PRECAUTIONS

**Following Crops:** Do not use on any crop not listed on this label. Do not use on any crop listed on this label unless the label specifically states that it is safe for that crop. Do not use on any crop listed on this label unless the label specifically states that it is safe for that crop. Do not use on any crop listed on this label unless the label specifically states that it is safe for that crop.

**Accurate Dosage:** Use the amount of herbicide specified on this label. Do not use more than the amount specified on this label. Do not use less than the amount specified on this label.

**Prevent Injury to Other Crops or Plants:** Do not use on any crop or plant not listed on this label. Do not use on any crop or plant listed on this label unless the label specifically states that it is safe for that crop or plant. Do not use on any crop or plant listed on this label unless the label specifically states that it is safe for that crop or plant.

# E-Z FLO GRANULAR NORABEN<sup>®</sup>

## (A GRANULAR FORMULATION OF HERBAN AND AMIBEN)

**CAUTION:**  
**KEEP OUT OF THE REACH OF CHILDREN**

**ACTIVE INGREDIENTS:**

|   |      |

<sup>®</sup>TM Hercules, Inc.  
<sup>\*</sup>U. S. Patent No. 3,304,167.  
<sup>\*\*</sup>Contains 5% equivalent of 3-amino-2, 5-dichlorobenzoic acid.

**DESTROY CONTAINER WHEN EMPTY. NEVER RE-USE.**

### DIRECTIONS FOR USE

Granular Noraben kills both annual grasses and broadleaf weeds in soybeans. Since this herbicide is applied before weed emergence and kills weeds only after root absorption, rain or sprinkler irrigation is needed for good results. Best results are obtained if this happens within 7 to 10 days after application.

**WEEDS CONTROLLED**

Granular Noraben controls the following annual grass and broadleaf weeds: foxtails (green, giant, yellow), crabgrass, barnyard grass, fall and summer panicum grass, goosegrass, pigweed, lambquarters, kochia, purslane, chickweed, rigweed, and smartweed.

Large seeded weeds such as morning glory, cockspur and velvetleaf may penetrate to the penetration level of the herbicide. Populations of these weeds may be reduced by hand weeding or by other means.

**DIRECTIONS FOR USE ON SOYBEANS**

Apply Granular Noraben to the soil surface after planting and before soybeans and weeds emerge (pre-emergence).

Use 20 pounds of Granular Noraben broadcast per acre on loam and silt loam soils. On heavier soils such as clay, clay loams and soils with high organic content, apply 30 lbs. of Granular Noraben broadcast per acre. Use proportional amounts for band application. A band applicator can be mounted on the planter so that application and planting can be carried out in the operation.

Plant soybeans a minimum depth of 1 1/2 inches. Do not use Granular Noraben on sandy soils, loamy sands or deep sand.

**CAUTION:** Apply only to soybeans to be harvested for the oil seed crop. Do not graze treated areas or use treated plants for food or forage.

**PRECAUTIONS**

**Following Crops**

Herban and Amiben are gradually destroyed in soil; however, crops other than cotton, sorghum, sugar cane and soybeans should not be planted sooner than five months after treatment with this herbicide.

**Accurate Dosage**

Carefully calibrate granular application. Mount band applications on the planter so that band can be placed accurately above the soybean row.

**Avoid Misuse**

Use only as directed on this label. Do not use on crops or plants other than soybeans. Do not contaminate irrigation water or water for domestic use. Do not store in contact with fertilizer, seeds, insecticides or fungicides. Clean off applicator when job is finished.

Do not contaminate water by cleaning or disposal of wastes.

**Destroy Container**

Break this bag. Do not reuse for any other purpose.

100% Granular  
 50% Amiben  
 50% Herban
