

THE GENERAL PURPOSE SANITIZER FOR HOTELS, HOSPITALS, INSTITUTIONS, SCHOOLS, TOURIST COURTS AND

DIRECTIONS for USE

BATH ROOMS:

After routine cleaning of fixtures spray this product on toilet bowl, seat, lavatory, tub, and shower stall. This powerful germicide will destroy many bacteria on surfaces wet or dampened with the spray.

KITCHENS:

Spray garbage receptacles periodically with solution to eliminate foul odors. Cupboards, closets, refrigerators, and storage lockers can be given periodic sprayings to keep premises refreshed and sweet odored.

HOUSEHOLD CLEANING:

In routine house cleaning a small amount sprayed on rugs and draperies will remove stale or musty odors. Use it frequently to keep your home clean and sanitary.

CAUTION:

Avoid Contamination of Food
Do not spray directly on painted or varnished surfaces.
