

This product aids in the production of larger tomato crops and earlier crop harvest.

**CAUTION:** Avoid contact with skin, eyes, and clothing. Wash hands after use. Keep away from pets.

**USE CAUTIONS:** Do not use on tomatoes grown for seed. Do not spray flower beds, vegetable, or ornamental plantings. Avoid drift of spray or vapors as this product may injure nearby susceptible plants.

Avoid contamination of feed and food-stuffs. Do not store near or transport with fertilizers, insecticides, fungicides or seeds. Do not use or store near heat or open flame.

Avoid contamination of irrigation ditches or water used for domestic purposes.

Wash containers thoroughly as soon as emptied and destroy.

**NON-WARRANTY:** Seller makes no warranty of any kind, expressed or implied, concerning the use of this product. Buyer assumes all risk in use or handling, whether in accordance with directions or not.

Code 44620

8 FL. OZ.

# TOMATO FIX

**ACTIVE INGREDIENT:**

Para-Chlorophenoxyacetic Acid  
as the Diethanolamine Salt\*..... 0.008%

**INERT INGREDIENTS** ..... 99.992%

\*Equivalent to Para-Chlorophenoxyacetic Acid,  
0.005% or 50 parts per million

**CAUTION: Keep out of reach of children.**  
See back panel for additional cautions.

Tomato plants frequently fail to set fruit early in the season or during cold weather. This undesirable characteristic can be overcome without regard to variety or temperature by treatment with this hormone-like product. Spraying it on the flowers will stimulate the formation of tomatoes, and pollination is then unnecessary. This is of particular value in localities where prevailing conditions interfere with effective pollination.

**DIRECTIONS**

Ready to use — no mixing or dilution necessary.

Apply as a directed fine spray to blossom clusters when the majority of flowers in the cluster are open, using the spray applicator furnished. Do not apply directly to leaves or fruit.

Do not spray clusters more than once. Do not spray leaves or fruit. Do not make more than five applications per season. Spray clusters very lightly for best results.

MADE IN U.S.A.

USDA Reg. No. 642-185

BFG
