**644-105**  
(644-RNL)

Date of Issuance:  
**10/31/97**

NOTICE OF PESTICIDE:  
  X   Registration  
       Reregistration

Term of Issuance:  
**Conditional**

(under FIFRA, as amended)

Name of Pesticide Product:  
**Exxon Dormant Spray Oil  
100**

Name and Address of Registrant (include ZIP Code):

**Robert Biles  
Exxon Company, USA  
po Box 2180  
Houston, TX 77252-2180**

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

**This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:**

1. Make the following label changes before you release the product for shipment:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 644-105".
  - b. In the section labeled "Precautionary Statements" add "with soap and water" to the washing instructions at the end of the first paragraph.
  - c. The word "caution" must NOT be used to head the section that includes "Do not pressurize, cut, weld, ...." The signal words (caution, warning, and danger) can only be used in specific areas of the label. Instead, you may use a word such as "attention" or "careful."

(continued)

- d. In the section labeled "statement of practical treatment (first aid)" the most severe routes of exposure should be listed first. Move the "INGESTION" directions to the first item in the list before "EYES."
- e. In the section labeled "Directions for Use" delete the following three statements as they pertain to the application of an end-use product while 644-150 is a manufacturing use product.
  - (1) Delete "Do not apply this product in such a manner that drifting will expose workers, other persons or animals."
  - (2) Delete "Do not enter area without protective clothing until product has dried."
  - (3) Delete "Oral and/or written warnings should be given in a language customarily understood by workers handling this product."
- f. In the section labeled "Directions for Use" change the following wording to emphasize that this is a manufacturing product and can not be sprayed directly on a site:
  - (1) Change "1. For uses on:" to "1. For formulating products to be used on:".
  - (2) Change "2. For uses for which USEPA ..." to "2. For formulating products for uses for which US EPA ...."
  - (3) Change "3. Uses for experimental ..." to "3. For formulating products for experimental ...."

2. Submit three copies of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "accepted with comments" is enclosed for your records.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in such a manner that drifting will expose workers, other persons or animals.

Do not enter area without protective clothing until product has dried.

Oral and/or written warnings should be given in a language customarily understood by workers handling this product.

This product is intended for formulation into end-use products for dormant and delayed dormant application on the crops listed. Summer applications of these formulations generally require reduced levels to avoid potential phytotoxic response.

#### 1. FOR USES ON:

##### A. Tree Crops, Nut Crops, Row Crops

Alfalfa	Grapefruit	Nectarines
Apples	Grapes	Peaches
Apricots	Lemons	Plums
Cherries	Naval Oranges	Valencia Oranges
Figs	Olives	Walnuts

##### B. Ornamentals and shade trees

#### 2. For Uses For Which USEPA Has Accepted The Required Data And/Or Citations of Data That The Formulator Has Submitted In Support of Registration; and

#### 3. Uses for Experimental Purposes That Are in Compliance with USEPA Requirements.

#### STORAGE AND DISPOSAL

**STORAGE:** Keep away from heat sparks and open flame. Keep container closed when not in use.

**DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER:** Triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Do not get in eyes. Minimize contact with skin or clothing. Minimize breathing mists or vapors. Use with adequate ventilation. Wash thoroughly after handling.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the high water mark. Do not contaminate water by the cleaning of equipment or disposal of washwaters. Do not apply in any manner not specified on this label. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**SPILL CONTROL**

Eliminate all ignition sources. Ventilate confined spaces. Keep public away. Recover free product. Add sand, earth or other suitable absorbent to spill area. Keep product out of sewers and water courses. Advise authorities if product cannot be contained. Conform with applicable governmental regulations.

**FIRE FIGHTING**

Use waterspray to keep fire-exposed surfaces cool. Extinguish with foam, waterspray, dry chemical, carbon dioxide, or vaporizing liquid.

**CAUTION**

- "Empty" containers retain residue (liquid and/or vapor) and can be dangerous.
- DO NOT PRESSURIZE, CUT, WELD, BRAZE, SOLDER, DRILL, GRIND, OR EXPOSE THIS CONTAINER TO HEAT, FLAME, SPARKS, OR OTHER SOURCES OF IGNITION; IT MAY EXPLODE AND CAUSE INJURY OR DEATH.
- Refer to the Material Safety Data Sheet for additional information.
