KILLS

CLOTHES MOTHS and LARVAE

DIRECTIONS

Carefully brush articles to be protected and place in an airtight bag, box, trunk or chest.

To get best results use CLICK Naphthalene liberally. Scatter CLICK Naphthalene freely in the folds and upon the articles.

Use at least one pound for 100 cubic feet of airtight storage space. It is better to use too much than too little.

When removing the articles, brush lightly and place or hang in sunlight or warm draft; the odor will disappear rapidly.

These CLICK Naphthalene Moth Balls are of the highest quality obtainable. They will not injure the texture, shade or appearance of furs or woolsens.

CAUTION: Keep out of reach of children. Do not mix with other moth preventives.

NOTE: Do not place this package on finished wood surfaces.
