Attention: Richard A. Miller

Subject Prentox® Warfarin Concentrate Rax® Powder
EPA Reg. No. 655-19
Your letter of July 9, 2001

The labeling submitted with the above letter, under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided you submit one (1) copy of final printed labeling to us, with the following changes, before you ship your product. A copy of the stamped label is enclosed for your records

Labeling changes

1. Under "CAUTION", delete the sentence "If on skin, was with soap and water."
2. Place the "NOTE TO PHYSICIAN" section immediately after the "FIRST AID" section as follows:

<p>NOTE TO PHYSICIAN</p> <p>If ingested, administer ... prothrombin times.</p>

Existing stocks of labels

Stocks of existing labels may be used for eighteen (18) months.

Consequence for non-compliance

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of this condition.

EPA contact If you have any questions about this letter, please contact me by phone (703-305-5407), fax (703-305-6596), or E-Mail (peacock.dan@epa.gov).

Sincerely,

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7504C)

Enclosure 1. Stamped label
2. Minimum Type Size Requirements for Final Printed Labeling

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS
CAUTION**

Keep away from humans, domestic animals and pets. Exposure during pregnancy should be avoided. Warfarin may cause harm to the fetus, including possible birth defects. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. When mixing baits, wear a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any N, R, P or HE filter and rubber gloves. If on skin, wash with soap and water. **NOTE TO PHYSICIAN:** If ingested, administer Vitamin K1 intramuscularly or orally, as indicated in bishydroxycoumarin overdoses. Repeat as necessary based on monitoring of prothrombin times.

ENVIRONMENTAL HAZARDS

This product is toxic to mammals and birds. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of EPA.

**WARFARIN CONCENTRATE RAX[®]
POWDER**

For formulation only into registered end-use rodenticides to kill Norway rats, roof rats, and house mice.

ACTIVE INGREDIENT:

Warfarin, 3-(alpha-Acelonylbenzyl)-4-hydroxycoumarin 0.5%

OTHER INGREDIENTS:

99.5%

TOTAL:

100.0%

PRENTOX[®] - Registered Trademark of Prentiss Incorporated

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

FIRST AID

Have product container or label with you when obtaining treatment.

If swallowed	<ul style="list-style-type: none"> • Call a physician, Poison Control Center, or the National Pesticide Telecommunications Network at 1-800-858-7378 immediately for treatment advice. • Have person sip one or two glasses of water. • Do not induce vomiting unless told to do so by a physician or Poison Control Center. • Do not give anything by mouth to an unconscious or convulsing person.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a physician, Poison Control Center, or the National Pesticide Telecommunications Network at 1-800-858-7378 immediately for treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a physician, Poison Control Center, or the National Pesticide Telecommunications Network at 1-800-858-7378 immediately for treatment advice.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a Rodenticide for (1) The following uses: control of Norway rats, roof rats, and house mice in and around homes, industrial buildings, and similar structures; (2) Uses for which USEPA has accepted the required data and/or citations of data that formulator has submitted in support of registration; and (3) Uses for experimental purposes that are in compliance with USEPA requirements.

Formulators are responsible for providing data to support their own registration.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in original container in a dry area not accessible to children, pets, domestic animals or wildlife. If container is damaged: Stop any leaks by repositioning the container or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spills, wear protective equipment as required to prevent contact with the product or its vapors. Sweep onto a shovel and put the sweepings into a salvage drum. Dispose of wastes as specified below.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal or discharge of excess pesticide or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into applicator equipment. Then dispose of liner and carton in a sanitary landfill, or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
