KEEP OUT OF REACH OF CHILDREN
CAUTION

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible vomiting should be induced under medical supervision. Drink one or two glasses and induce vomiting by touching back of throat with finger. Never induce vomiting or give anything by mouth to an unconscious person.
- IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.
- IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.
- IF IN EYES: Wash eyes with plenty of water. Call a physician immediately.

SEE SIDE PANEL FOR ADDITIONAL CAUTIONS.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)

CAUTION

May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing vapors. Avoid contact with skin, eyes and clothing. Wash thoroughly before eating or smoking and after handling. Avoid contamination of feed and foodstuff.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not discharge into lakes, ponds, streams or public waters unless in accordance with N.P.D.E.S. permit. For guidance contact your regional office of the U. S. Environmental Protection Agency.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill, near heat or open flame.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. Open dumping prohibited.

STORAGE: If container is damaged: STOP any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material such as clay, diatomaceous earth, sand, or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour, or spill near heat or open flame.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse(or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

INSTRUCTION - EPA REGULATION: - It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This pesticide may be used only for formulation of an insecticide.

Formulators of this product are responsible for obtaining EPA registration for their final products. Refer to product information sheet for other information.

Product Name

Product Code

Product Description
Ventox 195 (the original vehicle concentration)
NY Registration No. 10001
Registration No. 10001, 1983

The applicant refers to item, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. We suggest revising the "If swallowed" advice to read "Call a physician or Poison Control Center immediately. Contains petroleum distillates. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia."
2. Please refer to the enclosed type size guide for assistance in selecting the correct print size for the front panel signal word, child hazard warning, and the heading "Storage and Disposal."
3. Change "May be harmful if swallowed..." to "Harmful if swallowed..."

Submit five (5) copies of your revised final printed labeling before you release the product for shipment with the amended labeling.

Product label and the associated technical information should be submitted to EPA.

The Federal Government, through its registration, will continue to reduce new registrations, until April 1, 1984. After that date, all registrations will be subject to the same requirements as all other registrations.

Very truly yours,
Director
