

prentox[®]

DDVP 4 LB. EMULSIFIABLE CONCENTRATE

AN INSECTICIDE FOR FORMULATING USE ONLY.

ACTIVE INGREDIENTS:	
2,2-Dichlorovinyl dimethyl phosphate	41.76%
Related Compounds	3.14%
Xylene Range Aromatic Petroleum	
Distillates	50.10%
INERT INGREDIENTS:	5.00%
Total	100.00%

PRENTOX[®] — Registered Trademark of Prentiss Drug & Chemical Co., Inc.

KEEP OUT OF REACH OF CHILDREN

POISON DANGER

STATEMENT OF PRACTICAL TREATMENT

If swallowed — Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled — Move victim to fresh air. Apply respiration if indicated. Call a physician immediately.

If on skin — Remove contaminated clothing and wash immediately with soap and water. Call a physician immediately.

If in eyes — Flush eyes with plenty of water. Call a physician if irritation persists.

NOTE TO PHYSICIAN (Cont'd.)

hours. Repeated exposure to cholinesterase inhibitors may without warning, cause prolonged susceptibility to very small doses of any cholinesterase inhibitor. Allow no further exposure until cholinesterase regeneration has been attained as determined by blood test.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour or spill near heat or open flame.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

NOTE TO FORMULATORS

Certain organo-phosphate insecticides have been shown to cause staining and color changes of carpets dyed with certain sensitive carpet dyes. Products made from this concentrate should carry warnings to prevent contact with carpeting by spray, spray mist or drift.

ACCEPTED

11/83

APR 17 1984

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 655-229
