NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Registration Standards Form package, EPA has registered the product listed above. Enclosed is a copy of the label which has been "Accepted." The registration is granted under authority of section 3(q) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

As part of your responsibility, you are required to submit to the Agency additional data under authority of section 3(d)(1) of the Act. Failure to submit this data within the stated time frame may result in suspension or cancellation of your registration. If any problems arise during the registration process, you should inform us as soon as possible.

Additional safety data must be submitted to the Agency...

Acute toxicity data (1000 mg/kg oral and 100 mg/kg dermal) reported in the Bulletin of Toxicology, 1968, are acceptable.
