Stored commodities (corn, barley, oats, rye, and wheat.

AOUATIC FOOD CROP':

Rice, and wild rice.

AQUATIC NON-FOOD CROP':

Intermittently flood areas, irrigation systems, and sewage systems.

NOTE: When formulating Malathion 95% Technical Premium for use on these crops, the following statement applies: "Broadcast use only over intermittently flooded area. Application may not be made around bodies of water where fish or shellfish are grown and/or commercially harvested."

(2) Uses For Which USEPA Has Accepted the Required Data And/Or Citations of Data That The Formulator Has Submitted In Support Of Registration; and

(3) Uses For Experimental Purposes That Are In Compliance with USEPA Requirements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaccous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour or spill near heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
