DEC 17 1998

Attention: Mr. Richard Miller, President

Subject: Prentox Warfarin Technical
EPA Reg. No. 655-318
Your amendment of December 2, 1998

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you submit one (1) copy of final printed labeling with the following changes before you release the product for shipment:

1. Revise your First Aid statement to include the following:

IF ON SKIN: Wash with plenty of soap and water.
IF IN EYES: Flush with plenty of water.

This registration will be subject to cancellation in accordance with FIFRA sec. 6(e) if you do not comply with these conditions. Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely,

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7504C)

ACCEPTED
WITH COMMENTS
in EPA Letter Dated:

DEC 17 1998

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the Office of Pesticide Registration, Plant, Kaolin Road, Sandersville, GA 31082
Office, L.B. 2000, Floral Park, NY 11001
Registered under EPA Reg. No. 655-318

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER**

Fatal if swallowed or inhaled. Do not get in eyes, on skin, or on clothing. Do not breathe dust. When mixing baits, use a dust/mist filtering respirator with (MSHA/NIOSH approval prefix ~~TC-19C~~ TC-21C), or a NIOSH approved respirator with any N, R, P or HE filter. Wear protective clothing and waterproof gloves. Wash arms and face with soap and water after mixing or handling and before eating and smoking. Remove contaminated clothing and wash before reuse.

Exposure to Warfarin during pregnancy should be avoided. Warfarin may cause harm to the fetus, including possible birth defects.

NOTE TO PHYSICIAN: If ingested, administer Vitamin K₁ intramuscularly or orally, as indicated in bishydroxycoumarin overdoses. Repeat as necessary, based on monitoring of prothrombin times. Severe cases may require administering Vitamin K₁ intravenously and giving blood transfusions.

ENVIRONMENTAL HAZARD

This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a Rodenticide for (1) The following uses: control of Norway rats, roof rats, and house mice in and around homes, industrial buildings, and similar man-made structures and in transport vehicles; (2) Uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and (3) Uses for experimental purposes that are in compliance with USEPA requirements. Formulators are responsible for providing data to support their registration.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in original container in a dry area not accessible to children, pets, domestic animals or wildlife. If container is damaged: Stop any leaks by repositioning the container or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective equipment as required to prevent contact with the product or its vapors. Sweep onto a shovel and put the sweepings into a salvage drum. Dispose of wastes as specified below.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal or discharge of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Then dispose of liner in a sanitary landfill, or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in same manner.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.
