an insecticide Formulators using this product are responsible for obtaining EPA registration for their formulated products. Refer to Technical Bulletin for instructions for formulating and other information

Note to Physician

Symptoms: Symptoms include weakness, headache. tightness in chest, blurred vision, non-reactive pin-point pupils, salivation, sweating, nausea, vomiting, diarrhea. and abdominal cramps

Treatment: Atropine is the specific therapeutic antagonist of choice against parasympathetic nervous stimulation. If there are signs of parasympathetic stimulation, atropine should be injected at ten-minute intervals, in doses of 1 to 2 milligrams, until complete atropinization has occurred. Morphine is contraindicated. Clear chest by postural drainage Oxygen administration may be necessary 2-PAM is also antidotal and may be administered in conjunction with atropine. Observe patient continuously for 48 hours Repeated exposure to cholinesterase inhibitors may, without warning, cause prolonged susceptibility to very small doses of any cholinesterase inhibitor. Allow no further exposure until cholinesterase regeneration has been attained as determined by blood test

OFFICE OF PESTICIDES AND TOXIC SUBSTANCES

Prentiss Drug & Chemical Co., Inc. 363 7th Ave. New York, NY 10001

Attn: Mr. Nick Sanchez

Dear Mr. Sanchez:

Subject: Amendment - Change Solvent Prentox DDVP 2 1b. 0il Soluble Concentrate EPA Reg. No: 655-432 Your Letter: July 29, 1982

The change in solvent for the product registration referred to above is acceptable and the submitted Confidential Statement of Formula has been added to the file on the subject registration.

The labeling for the above referenced product is acceptable, subject to the following comments, and a stamped copy is enclosed for your records.

Before releasing the product for shipment make the following revisions to the labeling and submit five copies for our records.

1. Revise the STORAGE AND DISPOSAL statement in accordance with the enclosure.

2. Revise the first sentence of the "If swallowed" STATEMENT OF PRACTICAL TREATMENT to read as follows: "Call a physician or Poison Control Center immediately."

Sincerely yours,

George T. LaRocca Product Manager (15) Insecticide-Rodenticide Branch Registration Division (TS-767C)
