

PRECAUTIONARY STATEMENTS

**Hazardous to Humans
(and Domestic Animals)**

WARNING: Poisonous if swallowed, inhaled, or absorbed through skin or eyes. Do not get in eyes or on skin. Do not breathe fumes. Rapidly absorbed through skin, wear natural rubber gloves, waterproof protective clothing, and goggles when handling. Wear a protective respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under the provisions of 29 CFR Part II.

Environmental Hazards
The product is toxic to fish, birds and other wildlife. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance, contact your Regional Office of the Environmental Protection Agency.

Physical or Chemical Hazards

Do not use or store near heat or open flame.

prentox[®]

DEEP 2 L.R. OIL SOLUBLE CONCENTRATE

**AN INSECTICIDE FOR
FORMULATING USE ONLY.**

... Symptoms of Acute Poisoning

Inhalation: Call a physician or Poison Control Center immediately. Get fresh air as soon as possible if material was taken internally. DO NOT INDUCE vomiting unless other treatment is not available. Vagging only these exposure symptoms. If it is necessary to induce vomiting, give water either two glasses of water and water sugar in suspension. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

Ingestion: Move victim to fresh air. Apply respiration if indicated. Call a physician immediately.

If on skin: Remove contaminated clothing and wash immediately with soap and water. Call a physician immediately.

If in eyes: Flush eyes for at least 15 minutes with water. Call a physician immediately.

Instructions for Formulation

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This pesticide may be used only for the formulation of an insecticide. Formulators using this product are responsible for obtaining EPA registration for their formulated products. Refer to Technical Bulletin for instructions for formulating and other information.

ACTIVE INGREDIENTS:

Nylene Range Aromatic Petroleum Solvent	75.10%
2,2-Dichloroethyl dimethyl phosphate (DDVP)	23.10%
Related Compounds	1.74%
TOTAL:	100.00%

See attached sheet

STORAGE AND DISPOSAL

PROHIBITIONS
DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE DISPOSAL:

Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved state procedures under Subtitle C of the Resource Conservation and Recovery Act.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.

Note to Physician

Symptoms: Symptoms include weakness, headache, tightness in chest, blurred vision, non-reactive pin-point pupils, salivation, sweating, nausea, vomiting, diarrhea, and abdominal cramps.

Treatment: Atropine is the specific therapeutic antagonist of choice against parasympathetic nervous stimulation. If there are signs of parasympathetic stimulation atropine should be injected at ten-minute intervals, in doses of 1 to 2 milligrams, until complete atropinization has occurred. Morphine is contraindicated. Clear chest by postural drainage. Oxygen administration may be necessary. 2-PAM is also antidotal and may be administered in conjunction with atropine. Observe patient continuously for 48 hours. Repeated exposure to cholinesterase inhibitors may, without warning, cause prolonged susceptibility to very small doses of any cholinesterase inhibitor. Allow no further exposure until cholinesterase regeneration has been attained as determined by blood test.

STORAGE

(PAPER)

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

STORAGE - If container is damaged. Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled area with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Do not store, use, pour or spill near heat or open flame.

PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. .

Mr. Nick Sanchez
Franklin Drug & Chemical Co., Inc.
C.B. 3000
Fossil Park, NE 68011

Dear Mr. Sanchez:

Subject: Amendment - Update per FE Section 20-3
Product: 2 lb. Oil Soluble Concentrate
EPA Registration No. 49-431
Your Application Dated November 4, 1983

The proposed amendment to the label for this product, as submitted, is acceptable. A stamped copy is enclosed for your records.

In the next label printing please replace "Mining Enforcement and Safety Administration (Formerly the U.S. Bureau of Mines)" in the respirator advice with "Mine Safety and Health Administration."

Please submit 5 copies of the Technical Bulletin referred to on the label to complete this product's registration file.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (7B-767)
