

PRETOX PYRONYL MOSQUITO ADULTICIDE FOR ULV FOGGERS

ACTIVE INGREDIENTS:

Pyrethrins	12%
Piperonyl Butoxide, Technical*	60%
Mineral Oil	28%
TOTAL	100%

*Equivalent to 49% (Butylcarbityl) (6-propylpiperonyl) ether and 12% related compounds.

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

- If swallowed - Call a physician or Poison Control Center immediately. **DO NOT INDUCE VOMITING.** Vomiting may cause aspiration pneumonia.
- If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.
- If on skin - Remove contaminated clothing and wash thoroughly with soap and water.
- If in eyes - Flush eyes with plenty of water. Call physician immediately.

LEFT PANEL

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. Keep out of reach of children. Avoid breathing spray mist. Avoid skin and eye contact. Wash thoroughly after handling and before eating or smoking.

Do not allow children or pets to contact treated surfaces until spray has dried. Do not use on plants. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish bowls before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams and ponds. Do not contaminate water by disposal of wastes. Apply this product only as specified on this label.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping prohibited.

STORAGE: If container is damaged: STOP any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour or spill near heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

DIRECTIONS FOR USE

RIGHT PANEL

This Concentrate can be used in Mosquito Adulticiding Programs in residential and recreational areas, swamps, marshes, roadsides and pastures, or wherever adult mosquitoes are present in large numbers. Best results are obtained when there is a slight breeze - less than 5 miles per hour. Fog with breeze. Repeat applications as necessary.

Dilute with light Mineral Oil (such as Klearol NF White Mineral Oil) for use in cold Aerosol Generators, which produce a fog with particle size running between 5 to 50 micron range.

FOR TRUCK MOUNTED LECO MACHINE (OR SIMILAR MACHINE):

Objective is to treat terrain with .002 to .0025 pounds of Pyrethrins, and .010 to .0125 pounds of Piperonyl Butoxide per acre. Dilute 1 part of this Concentrate with 1.4 parts (weight) of Oil, to give a solution containing 5% Pyrethrins plus 25% Piperonyl Butoxide. Fog this solution with a discharge rate of 2 to 2.25 fluid ounces per minute, while machine is moving 5 m.p.h., and pressure is set at 3 lbs. per square inch. Discharge nozzle is positioned approximately 30° above horizontal off side of truck bed. Delivery rate and traveling speed can be varied slightly, so long as the basis objective of .002 to .0025 pounds actual Pyrethrins per acre is maintained. Use swath width of 300 feet per acreage calculations.

FOR HUDSON BACK PACK #4712 (OR SIMILAR MACHINE):

Strive for same poundage of Pyrethrins and Piperonyl Butoxide per acre as with LECO. Dilute this Concentrate 1 part, plus 17 parts of Oil (weight), to give a solution containing .67% Pyrethrins, plus 3.35% Piperonyl Butoxide. Fog this solution at the rate of 7 fluid ounces per acre, based on a 25-foot killing swath. The Hudson Back Pack is carried on the back of the individual treating the area. The individual should walk forward approximately 870 feet during discharge of the 7 fluid ounces. This is roughly at the pace of 2 miles per hour.

Gentlemen:

Subject: PRENTOX PYRROXYL MOSQUITO ADULTICIDE CONCENTRATE FOR ULV FOGGERS
EPA Registration No. 655-447
Your Submission Dated July 11, 1983

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c) (7) (B), is acceptable, provided that you:

1. Make the following changes before you release the product for shipment bearing the amended labeling:

a. Delete the words "Keep out of lakes, streams, and ponds." Replace with "Do not add directly to water."

b. Delete the words "Apply artificial respiration if indicated."

c. Add the words "if irritation persists" after the words "Call a physician immediately" in the "If in eyes" statement of practical treatment.

2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Timothy A. Gardner
Product Manager (17)
Insecticide-Rodenticide Branch
Registration Division (TS-767)
