

ATTACHMENT I

PRENTISS DRUG & CHEMICAL CO., INC.
C.B. 2000
FLORAL PARK, N.Y. 11001

PRODUCT NAME: Prentox(R) Emulsifiable Spray Concentrate #101
EPA Reg. No. 655-452

LABEL AMENDMENT DATED: March 24, 1988

(A) UNDILUTED: To control MOSQUITOS, GNATS, and SMALL FLYING MOTHS:
Apply when there is a light breeze of approximately 5 miles per
hour. Spray from the windward side so the fog will be carried
across the area to be treated. Disperse at the following flow
rates, using a swath width of 300 feet for acreage calculations:

<u>TRUCK SPEED</u> (miles/hour)	<u>FLOW RATE</u> (fl.oz/min)
5	10 - 12.5
10	20 - 25
15	30 - 37.5

Application to any body of water is prohibited. Repeat treatment as
required.
