TREATMENT — Atropine is the antidote for DDVP. It is available in 1% and 5% solutions. It is available in 1% and 5% solutions. It is available in 1% and 5% solutions. It is available in 1% and 5% solutions. It is available in 1% and 5% solutions.

STORAGE AND DISPOSAL

PESTICIDE DISPOSAL — Do not mix with other pesticides. Do not dump into water bodies. Dispose in accordance with local regulations.

CONTAINER DISPOSAL — Empty containers should be recycled or disposed of in accordance with local regulations.

SMALLER CONTAINERS — Follow the same disposal instructions as for larger containers.

RIGHT PANEL

STORAGE AND DISPOSAL (KEEP)

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material such as clay, diatomaceous earth, sand, or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour, or spill near heat or open flame.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

Dear Mr. ...

Subject: Amendment - Update for Registration ...
Diazinon ...
EPA Registration No. ...
Your Application Dated ...

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

- 1. Delete the heading Antidote & First Aid Treatment and the associated paragraphs. Use appropriate warnings already present in the Statement of Practical Treatment and the Agency may not recommend self-administration of atropine which itself can pose hazards.
- 2. Based on the subtitle provided to you, revise the Statement of Practical Treatment to include the following:
 - ...
 - ...
 - ...
 - ...
 - ...
