Use only on areas where insects are present. Do not use on areas where children or animals are likely to be present. Do not use on areas where food is stored or prepared. Do not use on areas where food is consumed. Do not use on areas where food is served.

DIAZINON 4E INSECTICIDE

ONLY FOR SALE TO USE AND STORAGE BY SERVICE PERSONS

For Control of Cockroaches, Ants, Silverfish, Carpet Beetles, Spiders, Scorpions, and Turf and Ornamental Pests.

ACTIVE INGREDIENTS:
Diazinon (Diethyl S-(1-propyl-6-methyl-4-pyrimidinyl) phosphorothioate) 47.5%
Solvent (2,4-dimethyl-1,3-dioxane derivative solvent) 30.0%
INERT INGREDIENTS: 22.5%

TOTAL 100.0%

DIAZINON 4E contains 4 lbs. Diazinon Per Gallon
DIAZINON 4E REGISTERED TRADEMARK CIBA GEIGY
EPA REG NO 655-457
EPA EST NO 655-NJ 1

**KEEP OUT OF REACH OF CHILDREN
WARNING**
STATEMENT OF PRACTICAL TREATMENT

If swallowed - If swallowed, induce vomiting immediately. If possible, vomiting should be induced. Drink plenty of water. Do not eat or drink anything until you feel better. Do not induce vomiting if you are unconscious or if you have had a seizure.

If inhaled - Remove to fresh air. Apply respiration if indicated.

If on skin - Remove contaminated clothing and wash affected areas with soap and water.

If in eyes - Flush eyes with plenty of water. Do not rub eyes.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)
May be fatal if swallowed and absorbed through skin. Causes respiratory irritation. Causes dizziness and headache. Causes nausea and vomiting. Causes diarrhea. Causes skin irritation. Causes eye irritation. Causes allergic reactions. Causes asthma. Causes heart disease. Causes liver disease. Causes kidney disease. Causes blood disease. Causes cancer. Causes birth defects. Causes reproductive problems. Causes genetic mutations. Causes environmental damage.

ENVIRONMENTAL HAZARDS
Toxic to fish and aquatic life. Toxic to birds and mammals. Toxic to bees and other beneficial insects. Toxic to plants and animals.

PHYSICAL OR CHEMICAL HAZARDS
Flammable liquid. Irritant. Corrosive. Reacts with strong oxidizers. Reacts with strong acids. Reacts with strong bases. Reacts with strong reducing agents. Reacts with strong oxidizing agents. Reacts with strong acids. Reacts with strong bases. Reacts with strong reducing agents. Reacts with strong oxidizing agents.

FOOD AND FEED HANDLING ESTABLISHMENTS
Do not use in food and feed handling establishments. Do not use in areas where food is stored or prepared. Do not use in areas where food is consumed. Do not use in areas where food is served.

AND CREVICE & SPOT TREATMENT ONLY
Use only for crevice and spot treatment. Do not use for general area treatment. Do not use for preventive treatment. Do not use for spot treatment. Do not use for crevice treatment. Do not use for spot treatment. Do not use for crevice treatment. Do not use for spot treatment.

FOOD AND NONFOOD AREAS
Do not use in food and nonfood areas. Do not use in areas where food is stored or prepared. Do not use in areas where food is consumed. Do not use in areas where food is served. Do not use in areas where food is stored or prepared. Do not use in areas where food is consumed. Do not use in areas where food is served.
