

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.  
Open dumping prohibited.

STORAGE: If container is damaged: STOP any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour, or spill near heat or open flame.

PLASTIC CONTAINERS ONLY: DO NOT STORE IN CAR TRUNK WHERE TEMPERATURES MAY EXCEED 120°F.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Mr. Nick Sanchez  
Frentiss Drug & Chemical Co., Inc.  
C.B. 2000  
Floral Park, NY 11001

Dear Mr. Sanchez:

Subject: Amendment - Update Per PR Notice 83-3  
Frentox Diazinon 6E Insecticide  
EPA Registration No. 655-481  
Your Application Dated August 18, 1983

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), is acceptable subject to the following comments:

1. Add "(Plastic)" after the second "Container Disposal" subheading (correct spelling of "container") unless only one container disposal paragraph will appear on each actual product label.
2. Delete "Ticks" (unspecified) from the end of the third section of the Lawn Insects table since the Agency does not have acceptable data for the control of any other species than Brown Dog Tick, which is already claimed at the beginning of the same section.

*A stamped copy of the Label is enclosed for your records.*  
Sincerely yours,

George T. LaRocca  
Product Manager (15)  
Insecticide-Rodenticide Branch  
Registration Division (TS-767)
