

CO-RAX CONCENTRATE M

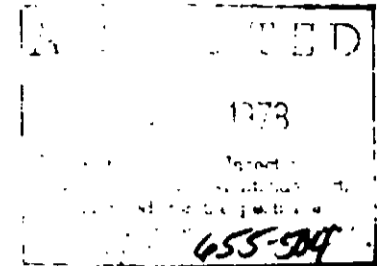

A Rodenticide for Formulation Use

ACTIVE INGREDIENT:

Warfarin (3-(alpha-acetyl-4-hydroxyphenyl)-4-hydroxyphenyl) ----- 99.5

INERT INGREDIENTS: ----- 0.5

TOTAL: 100.0

ENVIRONMENTAL HAZARDS

Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

CAUTION: CO-RAX CONCENTRATE M contains as its active ingredient an anti-coagulant chemical. Therefore, baits prepared with CO-RAX CONCENTRATE M must be stored in areas inaccessible to children, pets, and wildlife.

NOTE TO PHYSICIAN: When a human has been known to have ingested any CO-RAX CONCENTRATE M, blood transfusions, combined with intravenous injections and oral doses of Vitamin K₁ are indicated, as in the case of hemorrhage caused by overdoses of 3-(alpha-acetyl-4-hydroxyphenyl)-4-hydroxyphenyl.

MIXING DIRECTIONS

For proper mixing directions, request CO-RAX CONCENTRATE M Technical Bulletin.

Users of this product are expected to provide data to support registration of their labels. Refer to Technical Bulletin.

Each particle of the warfarin in this product has been specially coated with a material that reduces absorption of the Warfarin by the rodents at the time the bait is consumed. The coating may help increase the acceptance of the bait in cases where the bitter bitterness of uncoated warfarin is responsible for low bait acceptability.

CAUTION

KEEP OUT OF REACH OF CHILDREN

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Containers to be recycled. Do not reuse empty containers.

PESTICIDE DISPOSAL:

Pesticide that cannot be recycled or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

CONTAINER DISPOSAL:

Dispose of in or to a landfill approved for pesticide containers or bury in a safe place. Consult Federal, State or local disposal authorities for approved alternative procedures such as limited open burning.
