

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS &  
DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed. Avoid breathing vapor. Avoid contact with skin, eyes or clothing. Wear mask or respirator of type recommended by NIOSH (National Institute for Occupational Safety and Health) to give adequate protection against this material. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash all contaminated clothing with soap and water, separately from clothing, before reuse.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in meat packing plants, bakeries, and other food processing plants, wash with potable water all equipment, benches, shelving, etc., where exposed food will be handled. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets and birds, and cover fish aquariums before spraying.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Do not contaminate water by disposal of wastes. Apply this product only as specified on this label.

**PHYSICAL HAZARDS**

Do not use, or store near heat or open flame. Exposure to temperatures above 130° F. may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

**STORAGE:** If container is damaged Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid

PYRRONYL OIL  
CONCENTRATE  
#225**

**FOR USE BY TRAINED PERSONNEL ONLY**

This Synergized Pyrethrins Insecticide formulation is especially designed for use in Meat, Poultry, Egg & Rabbit Processing Plants. It may also be used in Warehouses and Food Processing Plants where the named insects are present.

**ACTIVE INGREDIENTS:**

Pyrethrins .....	2.0%
Piperonyl Butoxide Technical <sup>1</sup> .....	2.0%
N-Octyl bicycloheptene dicarboximide .....	2.0%
Petroleum Distillates .....	8.0%
Mineral Oil .....	85.0%
<b>TOTAL</b>	<b>100.0%</b>

<sup>1</sup>Equivalent to 2.0% (Butylcarbityl) (6-propylpiperonyl) Ether and 0.5% related compounds

**STORAGE AND DISPOSAL (cont'd.)**

contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand, or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use pour, or spill near heat or open flame.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**DIRECTIONS FOR USE (Cont'd.)**

Because of the small micron size particles emitted from the ULV-type cold aerosol foggers, this dual synergized insecticidal formulation is extremely effective on those insects listed. The small particle size permits greater insect-insecticide contact than previously attainable by other methods of space spraying.

Prior to application, close all doors and windows. Turn off air-conditioning or ventilating systems. Cover or remove all food and food handling surfaces.

**SPACE SPRAY TO KILL FLIES, MOSQUITOES, SMALL FLYING MOTHS AND GNATS:** Using a ULV-type spraying device, apply .02 oz per 1000 cu ft. of room space. The applicator should be centrally located or moved around the room as necessary to achieve uniform distribution of the insecticide mist. Vacate premises and leave room closed for one hour. Ventilate room thoroughly prior to re-entry. Repeat as necessary for control.

**CONTACT SPRAY TO KILL ROACHES, SILVERFISH, WATERBUGS, EARWIGS, ANTS & SPIDERS IN SHELTERED SITUATIONS.** With equipment described above, adjust machine to give a coarse wetting spray and apply the spray into all cracks and crevices in woodwork, walls, floors, underneath sinks, behind pipes and in all places where these insects shelter. Contact as many insects as possible. Do not allow spray to contact stored food. Repeat dosage as necessary for control. Leave the room closed for one hour. Do not remain in treated areas, and ventilate area before re-entry.
