### PRECAUTIONARY STATEMENTS

FIRST AID	
IF SWALLOWED	<ul style="list-style-type: none"> <li>Call a Poison Control Center, physician, or the National Pesticide Telecommunications Network at 1-800-858-7378 immediately for treatment advice.</li> <li>Have person sip a glass of water if able to swallow.</li> <li>Do not induce vomiting unless told to do so by the Poison Control Center or physician.</li> <li>Do not give anything by mouth to an unconscious or convulsing person.</li> </ul>
IF IN EYES	<ul style="list-style-type: none"> <li>Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>Call a Poison Control Center, physician, or the National Pesticide Telecommunications Network at 1-800-858-7378 for treatment advice.</li> </ul>
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> <li>Take off contaminated clothing.</li> <li>Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>Call a Poison Control Center, physician, or the National Pesticide Telecommunications Network at 1-800-858-7378 for treatment advice.</li> </ul>
IF INHALED	<ul style="list-style-type: none"> <li>Move person to fresh air.</li> <li>If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.</li> <li>Call a Poison Control Center, physician, or the National Pesticide Telecommunications Network at 1-800-858-7378 for treatment advice.</li> </ul>

### HOT LINE NUMBER

- In case of emergency call toll free 1-800-858-7378.
- Have the product container or label with you when calling a poison control center or doctor or going for treatment.

### NOTE TO PHYSICIAN

This product may pose an aspiration pneumonia hazard. Contains Petroleum Distillate.

Contains an N-methyl carbamate that inhibits cholinesterase. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal, but should be administered only in conjunction with atropine.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.

## **HAZARDS TO HUMANS & DOMESTIC ANIMALS**

### **CAUTION**

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing.

#### **Personal Protective Equipment (PPE)**

Applicators or handlers must wear:

- Long-sleeved shirt and long pants,
- Socks and shoes, and
- Chemical-resistant gloves made of barrier laminate, butyl rubber, nitrile rubber, or viton.

#### **User Safety Requirements**

Follow manufacturer's instructions for cleaning/maintaining PPE. If there are no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

#### **USER SAFETY RECOMMENDATIONS**

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the outside of the gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

#### **ENVIRONMENTAL HAZARDS**

This product is toxic to wildlife and aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply as a landscape treatment (to lawns, shrubs or trees, garden plants).

#### **PHYSICAL/CHEMICAL HAZARDS**

Combustible. Do not store and use the product near heat or open flame.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its label.

#### **STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

**STORAGE:** If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour, or spill near heat or open flame. Do not store in car trunk where temperatures may exceed 120° F.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

#### **CONTAINER DISPOSAL:**

**PLASTIC CONTAINERS:** Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**METAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

#### **GENERAL PRECAUTIONS AND RESTRICTIONS**

Do not apply this product in a way that will contact any person or pet, either directly or indirectly. Keep people and pets out of the area during application.

Do not allow people or pets to enter the treated area until sprays have dried.

Do not apply this product using a finger-operated trigger sprayer.

**DO NOT USE AS A SPACE SPRAY.**

**PROVIDE ADEQUATE VENTILATION OF AREA BEING TREATED.**

**DO NOT** spray open floor areas, carpets, furniture, beds or bedding.

Do not treat food stuffs or house plants.

Do not apply as a landscape treatment (to lawns, shrubs or trees, garden plants).

### APPLICATION INSTRUCTIONS

#### **INDOORS:**

**Pest control in and around homes, apartment buildings, stores and warehouses:** For residual control of ants, cockroaches, millipedes, silverfish, spiders, waterbugs and to aid in control of saw-toothed grain beetles (exposed stages), apply as a coarse spray to cracks and crevices, along baseboards, to door and window sills, as well as inaccessible areas, behind stoves, refrigerators, around garbage cans, compactors and utility installations. **DO NOT** spray open floor areas, carpets, furniture, beds or bedding. For ants, spray trails and places where ants enter premises. Repeat as necessary.

#### **OUTDOORS:**

**For residual control of insects around industrial buildings, homes, garbage areas and dumps:** As a residual spray for ants, brown dog ticks, clover mites, cockroaches, crickets, earwigs, fleas, flies, millipedes, mosquitoes, scorpions, sowbugs, spiders and waterbugs, apply as a residual spray to surfaces of buildings, porches, screens, window frames, patios and garages, where these insects congregate. Repeat as necessary. Do not apply as a landscape treatment (to lawns, shrubs or trees, garden plants).

**For control of hornets and wasps,** apply to nests under eaves, or in ornamental plantings and retainer walls, as a coarse residual and or pin stream spray only. Application should be made in late evening when insects are at rest. Repeat as necessary. Do not apply as a landscape treatment (to lawns, shrubs or trees, garden plants).

**FOR USE IN THE INEDIBLE PRODUCT AREAS OF MEAT PACKING AND FOOD PROCESSING PLANTS.** Any exposed food products, equipment or packing materials must be removed or covered before spraying. Equipment and utensils in Federally inspected meat and poultry plants must be washed with an acceptable detergent solution and rinsed with potable water to remove all traces of contamination. Treat food processing plants early in the season before canning or other processing begins. Repeat applications, if necessary, when plant is not in operation. For residual control of ants, cockroaches, millipedes, silverfish, spiders, waterbugs, and to aid in control of saw-toothed grain beetle (exposed stage).

**NON-FOOD AREAS:** Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

**SPRAYING UNLOADING DOCKS AND OUTSIDE AREAS WHERE INSECTS** congregate will aid in preventing reinfestations. Good sanitation and proper disposal of wastes is essential in any effective insect control program.

**FOOD AREAS — APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY —** Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving Areas (when food is exposed and facility is in operation, also would be considered a food area). Apply solution in small amounts directly into cracks and crevices, using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where Resistant and Non-Resistant Cockroaches (Waterbugs), Ants, Spiders, Silverfish hide.
