DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through any object. Only trained personnel should be allowed to use this product. For any requirements specific to your State or local laws, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. The Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and the handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and requirements regarding the placement of this use only label on certain protective equipment (PPE).

Do not enter or allow workers into treated areas during the restricted entry interval (REI) of 12 hours. REI begins at the time the last application is made. However, the Worker Protection Standard does not prohibit the use of this product in areas where workers are not present.

PPE requirements for entry into treated areas that is permitted under the Worker Protection Standard are: a long-sleeved shirt and long pants, chemical-resistant gloves, and shoes.

FAILURE TO FOLLOW THE DIRECTIONS FOR USE AND PRECAUTIONS ON THIS LABEL MAY RESULT IN POOR PEST CONTROL, CROP INJURY, OR HUMAN INJURY.

Unless otherwise directed, this product should be applied uniformly to the soil during or immediately after application. For application by ground equipment only, do not apply this product to soil that is not being tilled.

EXCESSIVE EXPOSURES TO CHOLINESTERASE INHIBITORS SUCH AS THIS PRODUCT MAY, WITHOUT WARNING, CAUSE PROBLEMS WITH SUSCEPTIBILITY TO VERY SMALL DOSES OF ANY CHOLINESTERASE INHIBITOR.

When handling Prentiss Diazinon 14G, do not rub eyes or mouth with hands if you feel sore in any way. Stop work and get help right away. See Prentiss Diazinon 14G label for more information.

VEGETABLE CROPS

Special Precautions to Reduce Risks to Birds: Birds feeding on treated areas may be killed. To reduce risks to birds: 1. Thoroughly incorporate this product into the soil during or immediately after application. 2. Cover or incorporate treated granules.

RESTRICTED USE PESTICIDE DUE TO AVIAN AND AQUATIC TOXICITY FOR RETAIL SALE TO AND USE ONLY BY CERTIFIED APPLICATORS OR PERSONS UNDER THEIR DIRECT SUPERVISION AND ONLY FOR THOSE USES COVERED BY THE CERTIFIED APPLICATOR'S CERTIFICATION.

DIAZINON 14G GRANULAR INSECTICIDE. This product must not be used on golf courses and used for: For control of certain soil insects including wireworms, cutworms, and other crop pests.

ACTIVE INGREDIENT: Diazinon: 0,0-Diethyl 0-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate. 14.3% INERT INGREDIENTS: 85.7% TOTAL: 100.0%

Prentiss Diazinon 14G is a granular insecticide. Prentiss - Registered Trademark of Prentiss Incorporated.

KEEP OUT OF REACH OF CHILDREN CAUTION STATEMENT OF PRACTICAL TREATMENT ORGANOPHOSPHATE. If swallowed: Call a physician immediately. Drink one or two glasses of water and induce vomiting by leaning the back of the head with finger against until vomit is clear. Do not induce vomiting if you are unconscious or convulsing.

Note to Physician: This product is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

Do not contaminate water, food or feed by storage or disposal. Store in a cool, dry, well-ventilated area away from food or feed.

Prefields: Pesticide or equipment residue that cannot be used according to label instructions may be disposed of on site or at an approved waste disposal facility.

Container: Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles into collection equipment. Then dispose of empty bag in a container or incinerate or burn if allowed by state and local authorities. Stay out of smoke during burning. Do not reuse container.

For minor spills, leaks, etc. follow all precautions indicated on this label and clean up immediately. Take special care to avoid contamination of equipment and facilities during cleanup and disposal of wastes.

PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals CAUTION. If swallowed, inhaled or absorbed through the skin. Avoid breathing dust and contact with eyes, skin or clothing. Do not store near food or feed products. Do not contaminate ornamental fish ponds.

Personal Protective Equipment: Applicators and other handlers must wear long-sleeved shirt and long pants, water-proof gloves and shoes and socks. Follow manufacturer's instructions for cleaning, use of PPE, etc. See instructions for washables, use detergent and hot water. Wash and wear PPE separately from other laundry.

User Safety Recommendations: Users should wear hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.

Environmental Hazards: This product is highly toxic to birds, fish and other wildlife. Birds, especially waterfowl, feeding or drinking on treated areas may be killed. Do not exceed maximum permitted label rates. Application rates above those recommended significantly increase potential hazards to birds. Avoid overloading; collect or incorporate granules that are before-during or after application on soil surface in turn areas. For use on golf courses, do not apply directly to water, or to areas where surface water is present or to adjacent areas below the mean high water mark. Runoff may be hazardous to aquatic organisms in neighboring areas. Strips and crops may be killed at application rates recommended on this label. Do not apply where fish, shellfish, crab, and other aquatic life are important resources. Do not contaminate water by cleaning of equipment or disposal of equipment wash water.

DIRECTIONS FOR USE AND CONDITIONS OF SALE AND WARRANTY. Important: Read the entire Directions for Use and the Conditions of Sale and Warranty before using this product. If terms are not acceptable, return the unopened product container at once.

Conditions of Sale and Warranty: The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, malfeverance, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application of which are beyond the control of Prentiss or the Seller. All such risks shall be assumed by the Buyer.

Prentiss warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use subject to the inherent risks referred to above. Prentiss makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty, in no case shall Prentiss or the Seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. Prentiss and the Seller offer this product and the Buyer and user accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Prentiss.
