disposal. Open dumping is prohibited.

STORAGE: If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand, or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Do not store, use, pour, or spill near heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the

CONTAINER DISPOSAL: Triple rinse (or equi-

use of this product may be disposed of on site or at an approved waste disposal facility.

valent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

DIRECTIONS FOR USE (Cont'd.)

Do not store difuted spray. Mix a new batch each

CAUTION

gallons of water.

time

Do not spray foliage within 30 days before or after using sulfur. Do not spray broadleaved evergreens when temperatures are near or below freezing. Dormant oil spray may cause discoloration of Blue Spruce. Do not apply oil when rain or snow is likely to follow quickly or when the temperature is below 40°F., or is likely to drop to the freezing point before the spray has thoroughly dried. Use the proper amounts only as stated on this label and follow all cautions. Spray thoroughly, welting insects on both sides of leaves.

For Dormant Use -- To control scale insects, red spider mites and mealy bugs on Dormant shrubs, evergreens (note caution*), Woody Plants, Fruit Trees (apple, plums, pears, apricots, peaches,

cherries) and shade trees: Use 2 to 4 gallons per 100
