PRENTISS INCORPORATED

Plant: Kaolin Road, Sandersville, GA 31082
Office: C.B. 2000, Floral Park, NY 11002-2000

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed. Avoid breathing of spray mist or vapors. Avoid contact with skin. Wash thoroughly after using. Avoid contamination of feed and foodstuffs.

ENVIRONMENTAL HAZARDS

[For packaging under 5 gallons]
This pesticide is toxic to fish, aquatic invertebrates, and aquatic life stages of amphibians. For terrestrial uses, Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in areas near the application site. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

[For packaging over 5 gallons]
Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Do not store or use near heat or open flame.

NOTE TO PHYSICIAN: Malathion upon repeated, prolonged or careless use may cause cholinesterase inhibition. Atropine is antidotal.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. Open dumping is prohibited.
STORAGE: If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour or spill near heat or open flame.
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

CONTROLS MOSQUITOES IN:

- | | |
|----------------|----------------|
| LAWNS | PARKS |
| FLOWER GARDENS | PICNIC GROUNDS |
| PLAYGROUNDS | DOCK AREAS |

DIRECTIONS

Do not store contents below 40° F. If solution becomes turbid or crystals separate, place in warm room and shake occasionally until solution is back to normal before using.

For application with a hand, electric or compressed air sprayer, use Mosquito Yard Spray Liquid at the rate of one quart in 10 gallons of clean water (treats 5,000 sq. ft.). This product can also be used at the rate of 3.2 ounces per 1 gallon of clean water (treats 500 sq. ft.). Treat shrubbery and vegetation where mosquitoes may rest. Shrubby and vegetation around stagnant pools, marshy areas, ponds and shore lines may be treated. Application of this product to any body of water is prohibited.

Residual killing power will last several weeks under normal climatic conditions if applied thoroughly and properly. Full effects will not be noticeable for several hours after spraying.

MOSQUITO YARD SPRAY LIQUID is an emulsifiable concentrate to be diluted with water to control mosquitoes.

For "Hose End" sprayers apply wearing rubber gloves suitable for Malathion protection and holding finger over opening until the contents of the package reach the line from aperture and spray the same 1,000 square feet with plain water for 2 minutes. Do not use spraying equipment which has been used for weed or brush killing materials. Best results will be obtained when this spray is applied when grass or other vegetation is dry. Avoid spraying ornamental fish pools. Do not use in dwellings or for household purposes.

Do not spray plants used for food, feed or forage.

NOTICE — Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.
