DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING TO OPERATE. Hold can upright and spray infested surfaces only until wet.

STORAGE AND DISPOSAL:

STORAGE: Exposure to temperatures above 130° F may cause bursting.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

see attached sheet

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS:
For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate.

FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUTDOORS:
For treatment of localized outdoor infestation, spray weeds and non-crop vegetation in areas around the home. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.

RIGHT PANEL

ROACHES, ANTS, WATERBUGS, SILVERBUGS, SPIDERS, CRICKETS
Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelving. Repeat as necessary.

BROWN DOG TICKS Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur.

Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet areas. Additionally, treat pets with an E.P.A. approved product registered for direct application to pets.

Floral Park, NY 11001

Dear Mr. Sanchez:

Subject: General Revision of Label
Prentox Roach & Ant Killer With
0.5% Propoxur
EPA Registration No. 655-642
Application Dated August 30, 1983

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Make the labeling changes listed below before you release the product for shipment.

1. Add an Environmental Hazards paragraph to your label. This paragraph should be placed after your "Hazards To Humans" section and read as follows:

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

2. Revise your Physical or Chemical Hazards paragraph to read as follows:

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

Sincerely yours,

Jay S. Ellenberger
