MAY 26 1998

Subject: Amended Product Labeling- Revised Per PR Notice 96-6:

Prentox Pet Rinse Concentrate
EPA Registration Number 655-693
Submission Dated November 25, 1997

Dear Mr. Miller,

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

1. There is inconsistent labeling with regard to the registered species. At the top the label states "For the control of Fleas and Ticks on Cats and Dogs". However, under the "Pets" section of the label the statement "Use only on Dogs to control fleas and ticks." is declared. The Species the product is registered for should be clearly indicated and made consistent on the label.

Sincerely,

Marion J. Johnson, Jr.
Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (7505C)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid breathing spray mist. Avoid skin and eye contact. Wash thoroughly after handling and before eating or smoking.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Do not contaminate water by disposal of wastes. Apply this product only as specified on this label.

PHYSICAL HAZARDS

Do not use, or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PETS

READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON DOGS TO CONTROL FLEAS AND TICKS: Do not use on dogs under 12 weeks.

SPECIAL ANIMALS

Consult a veterinarian or call the National Pesticide Telecommunications Network at 1-800-858-7378, before using this product on debilitated, aged, pregnant, nursing or medicated animals.

ADVERSE REACTION INFORMATION

Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your dog with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately, or call the National Pesticide Telecommunications Network at 1-800-858-7378.

ACCEPTED
with COMMENTS
In EPA Letter Dated:

MAY 26 1998

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No.

655-693

Prentox Pet Rinse Concentrate
EPA Registration No. 655-693

APPLICATION DIRECTIONS

For control of fleas and ticks on cats and dogs, dilute 1 oz. of concentrate with 40 ozs. of water. Work rinse into fur and wash out with water. The rinse should be allowed to remain on the animal 5 minutes before rinsing it off.

REAPPLICATION DIRECTIONS

Do not reapply for 7 days.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On clean up of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand, or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use, pour, or spill near heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
