

Reg # 655

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. Open dumping prohibited.

**STORAGE:** If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand, or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Do not store, use, pour, or spill near heat or open flame.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**METAL CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

**PLASTIC CONTAINER DISPOSAL:** Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by local authorities, by burning. If burned, stay out of smoke.

**DIRECTIONS FOR USE (Cont'd)**

For best results, use a good clean sprayer — free of rust — which produces a fine mist.

**FOR FLYING INSECTS: Flies, mosquitoes, small flying moths, gnats and wasps:** Close doors and windows. Spray freely towards ceiling in all directions until room is fogged with mist. When spraying keep about 3 feet from interior walls, fabrics and furniture. Doors and windows may be opened after 10 minutes.

**FOR CRAWLING INSECTS: Roaches, waterbugs, silverfish and crickets:** Spray thoroughly into cracks and crevices, under and behind sinks, cupboards, drawers, woodwork, refrigerators, pipes and drains, where these insects hide. Spray directly on as many insects as possible. Repeat application as necessary.

**CONTACT SPRAY — FOR CLOTHES MOTHS & CARPET BEETLES:** Clean and spray closets thoroughly, to reach all hiding places. Clean and brush woolen articles. Repeat application every 30 days. When carpets are infested, spray both sides thoroughly. When spraying near fabrics, keep spray in constant motion, at least 36 inches away from fabric. Spraying closer may cause stains. When spraying clothes in storage for adult moths, separate clothing. For the larvae, pay particular attention to seams and folds of garments. Clothing should be sprayed individually. For storing clothing in chests, first treat as per above, and also spray storage container before packing. Repeated monthly applications are advisable.

**FOR BEDBUGS:** Spray baseboards, molding and floor boards. Spray mattresses, particularly around seams and tufts. Take beds apart and spray into all joints. Repeat application as necessary.

**FOR ANTS:** Spray trails, hills, around window frames and openings around pipes and baseboards, where ants crawl hitting as many as possible. Repeat application as necessary.

**FOR FLEAS:** Spray floors, floor coverings and sleeping quarters of pets and other infested areas. Repeat as required. Do not spray pets.

**FOR OUTDOOR USE:** To repel temporarily: Flies, mosquitoes, gnats, wasps, crickets, ants: On porches, terraces, lawns, and at outdoor gatherings, spray frequently around chairs, tables, floors, ground and surrounding air.

## INSECT SPRAY AND FOGGING CONCENTRATE #1

For the control of flies, mosquitoes, small flying moths, gnats, wasps, roaches, waterbugs, silverfish, crickets, carpet beetles, bedbugs, ants, fleas, house flies, stable flies, horn flies, and exposed stages of stored product pests.

**ACTIVE INGREDIENTS:**

Pyrethrins .....	0.30%
Piperonyl Butoxide, Technical* .....	0.60%
N-octyl bicycloheptene dicarboximide .....	1.00%
Petroleum Distillates .....	98.10%

TOTAL: 100.00%

\*Equivalent to 0.48% (Butylcarbityl) (6-propylpiperonyl) ether and 0.12% related compounds. PRENTOX<sup>®</sup> — Registered Trademark of Prentiss Drug & Chemical Co., Inc.

**KEEP OUT OF REACH OF CHILDREN**

### CAUTION

**STATEMENT OF PRACTICAL TREATMENT**

If swallowed — Call a physician or Poison Control Center immediately. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia.

If inhaled — Remove person to fresh air.

If on skin — Remove contaminated clothing and wash affected areas with soap and water.

If in eyes — Flush eyes with plenty of water. Call a physician immediately, if irritation persists.

**SEE BELOW FOR ADDITIONAL PRECAUTIONARY STATEMENTS**

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician immediately.

Do not apply directly to milk. Cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in barns, poultry houses, warehouses, etc., wash with an approved detergent then rinse where exposed food will be handled to remove all traces of contamination. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove pets and birds, and cover fish aquariums before spraying.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by disposal of waste. Apply this product only as specified on this label.

**PHYSICAL HAZARDS**

Do not use, or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting.
